

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT (SBCCD)

Educational Master Planning Project

October 27, 2022 Update

The Educational Master Planning (EMP) Project for SBCCD and its two colleges, Crafton Hills College (CHC) and San Bernardino Valley College (SBVC), continues to progress through the Fall 2022 Semester. Each college's Educational Master Plan Committee (EMPC), with technical / facilitative support by the *Collaborative Brain Trust (CBT)*, has met regularly to conduct project activities and provide oversight to plan development. Christopher Crew, Interim Director of Research, Planning, and Institutional Effectiveness, and Nohemy Ornelas, Vice Chancellor of Educational and Student Support Services, serve as the District liaisons to CBT for the project.

The two college Educational Master Plan Committees (EMPCs) and the CBT team are progressing through the three-phase project, working with the EMPC liaisons, Gio Sosa (CHC) and Joanna Oxendine (SBVC). The three phases of the project, and their respective timelines, are outlined below. The project will complete December 16, 2022. The Draft EMPs are scheduled to go to the Board of Trustees in Spring, following campus and participatory governance reviews.

The EMP project is nearing the end of its third and final phase. In October, each college's EMPC held an in-depth, interactive, eight-hour session facilitated by CBT to examine trends, planning assumptions, listening session themes, threats, and opportunities that resulted from Phases I and II of the project. Each EMPC identified *Strategic Directions and Supporting Actions*, in alignment with the *SBCCD Strategic Plan 2022-2027*, to guide the work of each college over the next five years in meeting the needs of students and the college's service area.

The two full Draft Educational Master Plans will be completed and available for a six-week campus review beginning in November, with final feedback to the EMPCs by December 12th.

Project Phases and Timeline

The project's three phases and timeline are as follows:

- Phase I – Discovery Phase: Data Collection, Analysis, Synthesis (Dec 2021 – May/June 2022)
- Phase II – Portfolio Development and Planning Assumptions (June – Aug/Sept 2022)
- Phase III – Setting Five-Year Strategic Directions & Supporting Actions (Sept/Oct – Nov 2022), with Campus Review of the full draft EMP document Nov – Dec 12th.

Each month a one-page update like this one is posted to the District and colleges' websites to keep everyone apprised of the project's activities and progress. A one-page Project Overview and other documents from the project can also be found there. Anyone can provide input at any time to their respective EMPC representative(s).
