

# Lean Six Sigma White Belt

## Available In:

- English
- Spanish
- Videoconferencing

## *Continuous Improvement Process Training*

This Lean Six Sigma White Belt certification has been developed and designed to give the student a fundamental comprehension of Six Sigma and Lean principles. Six Sigma White Belt is the basic level of certification that provides you with information about the basic concepts of Six Sigma. Students who complete this course will be able to lend support to various process improvement projects as team members.

### **What trainees will learn:**

- DMAIC Methodology
- Problem Solving
- 5S WPO
- Standard Work
- Visual Management
- Management for Daily Improvement

### **How this training will benefit your company and employees:**

This course will give the students the skills to develop behavioral habits to manage Lean processes and sustain a continuous improvement culture. Employees will speak a common language in process improvement and contribute ideas in support of process improvement. White Belts can assist with change management within an organization, but they can also participate in local problem-solving teams that support projects.

### ***Who should attend?***

1. Professionals wanting to implement the lean practices in their organization
2. Candidates interested in understanding the basic concepts of Six Sigma
3. People wanting to learn more about productivity improvement, performance improvement

*This training is typically offered in 8 hours. Onsite training may be customized to meet your business needs.*

### **ABOUT MODERN CLERISY**
