

Priority Categories Report

Group	Description/Comments	Weight	Upper	Lower
CURRENT				
	Due Date This category is automatically calculated based on the current date and the project's projected due date.	0.1	1	0
	Externally Mandated (audit,accred,state,fed,etc) If this project is externally mandated by some agency like the federal or state government, the accrediting organization, auditors, or the like, then assign a value other than 0.	0.2	1	0
	General (requires note) Use this category to assign an offset value for manually increasing or lowering the priority of the project. A value other than zero here should always be accompanied by a detailed notation describing why the override value assignment was deemed necessary.	0.1	1	0
	Grant/Categorical funding source Determine whether the project is funded by other than general funds.	0.1	1	0
	Population affected percentage Estimate the percentage of the population of students, faculty, staff, and administrators that this project will have an impact on and enter that value as a decimal number between 0 and 1 (for example .75)	0.1	1	0
	Provides service improvements To what extent will this project provide service improvements?	0.1	1	0
	Revenue source Will the project result in some new revenue source or provide increased revenue for an existing source?	0.1	1	0
	Scope of influence What site, divisions, departments or other entity breakdowns will be impacted as a result of this project.	0.1	1	0
	Strategic value What is the strategic value of this project? (To have strategic value the project must address some goal or objective within one or more strategic plans developed by a District entity)	0.1	1	0
