BHAG: In the next 15 years, 100% of the students who express a desire to transfer to a four year college/university will do so within four years of enrollment.

Vivid Descriptions:

- SBCCD will be the most sought after community college district for students in the Inland Empire.
- College systems will be so finely tuned and absent of complications that “NOT” transferring will become the outlier.

Group #2 (Lillian, Keith, Nori)

To move students to success at the highest levels of business, government, art and culture at a higher rate and faster than any other community college in the country

Our transfer students enjoy the highest graduation rates at 4-year institutions.

Our students are highly sought after by private sector industry because they are so well trained and prepared.

Our 2-year students are highly sought after by 4-year institutions because they are so well prepared to be successful.

Students compete to attend our colleges.
