CHC'S REY BELL: TEACHING THROUGH CONNECTION

If you've taken a class in Crafton Hills College's Respiratory Care program, you've likely met Professor Rey Bell; and chances are he knew your name within the first week. Bell believes learning students' names builds connection, comfort, and trust, forming the foundation of his teaching philosophy. Teaching courses from introductory labs to advanced theory, and mentoring students through clinical training, Bell is known for his empathy, accessibility, and commitment to creating a safe, inclusive environment where "there is no such thing as a dumb question."

Bell's approach is shaped by experiences he lacked as a student, when instructors often felt intimidating and unapproachable. He emphasizes not only clinical competence, but also the responsibility respiratory therapists carry for patients' lives. His passion for teaching is reinforced by the resilience he sees in students. For Bell, teaching goes beyond instruction; it is about being a steady, supportive presence for students striving to build better futures.

After more than 20 years, Bell still finds joy in watching students graduate, pass their boards, and thrive in the field. "Each student is a new opportunity to make a positive impact," he says and that purpose continues to drive his work.

SBVC DESIGNATED A BLACK SERVING INSTITUTION

SBVC has officially been designated a California Black Serving Institution. This recognition affirms the longstanding commitment to equity, belonging, and student success for Black students across the campus and community.

The Black Serving Institution designation recognizes colleges that enroll a significant population of Black students and demonstrates intentional, measurable efforts to support their academic achievement, persistence, and sense of belonging. SBVC is among the first community colleges in California to receive this newly established designation.

This milestone is especially meaningful as SBVC celebrates their centennial year, 1926 to 2026. For a century, SBVC has been deeply connected to the Black community, and this designation reflects the collective work of or faculty, classified professionals and administrators and the dedicated Black Serving Institution Task Force whose leadership and collaboration made this achievement possible.

Being recognized as a Black Serving Institution is both an honor and responsibility. It strengthens SBVC's resolve to continue creating spaces where Black students are supported, valued, empowered, and able to thrive.

and enjoy time together.

In the spirit of giving, attendees brought donations to support SBCCD's food pantries, helping ensure students have access to free food options throughout the year. The generosity was heartfelt and deeply appreciated.

The celebration was full of energy and laughter, ugly sweaters were everywhere, the 360-degree photo booth kept people coming back for another spin, and the opportunity drawing had winners jumping out of their seats to claim their prizes. Several employees also received service awards recognizing their

dedication and commitment to the district.

Chancellor Rodriguez shared how proud she is of the hard work happening across the district all year long, noting the team's lasting impact on the community and student success.

The afternoon wrapped up with plenty of smiles, warm moments, and a strong sense of camaraderie; another memorable Winter Celebration for the SBCCD family.

attendance to help celebrate the occasion.

This award highlights the strong connection between SBCCD and the regional business community, as well as our shared commitment to preparing students for good-paying, local careers. It reflects SBCCD's ongoing role in developing a skilled workforce that aligns with the needs of the Inland Empire's economy.

During the recognition, appreciation was shared for employers who support SBCCD students by offering internships, apprenticeships, and job opportunities, and an open invitation was extended to additional employers to partner with the district.

Chancellor Rodriguez expressed her gratitude to the Board of Trustees and the SBCCD leadership team for their continued support, noting that honors like this represent a collective effort and the meaningful impact SBCCD is making throughout the Inland Empire.

and law enforcement, as well as health and educational organizations. The discussion focused on sharing updates about common institutional needs and exploring ways the County can partner with local organizations to address shared challenges.

During the conversation, Chancellor Rodriguez highlighted the region's growing need for affordable job training that prepares residents for good-paying, local careers. She also shared SBCCD's vision for Legacy Village and its potential to expand affordable housing options for students and members of the local workforce.

The roundtable underscored the importance of aligning County partnerships with SBCCD's mission as equitable, open-access institutions that serve everyone. Strong collaboration between the County and community colleges plays a key role in advancing workforce opportunity, housing stability, and economic mobility throughout the Inland Empire.

SUBJECT: Strategic Plan Goal-1 Updates

RECOMMENDATION

This item is for information only and no action is necessary.

OVERVIEW

The current document provides an summary of important actions and highlights related to Goal-1 (Eliminate Barriers to Student Access and Success).

ANALYSIS

Highlights SBCCD's progress in reducing access barriers through targeted outreach to priority student populations, expanded experiential learning opportunities, streamlined enrollment processes, and strengthened financial aid support. A key outcome was record utilization of Student Accessibility Services (SAS), reflecting increased student engagement with academic supports in high-need gateway courses.

INSTITUTIONAL VALUES

1. Eliminate Barriers to Students Access and Success

FINANCIAL IMPLICATIONS

There are no financial implications.

MONTHLY STATUS UPDATE

SPRING 2026

GOAL 1: ELIMINATE BARRIERS TO STUDENT ACCESS AND SUCCESS

- ✓ Targeted outreach served 200 first-generation justice-impacted, male students, providing professional development and networking opportunities.
- ✓ SBCCD hosted 1,500 students and 50 parents at the annual welcome events and leadership workshops.
- ✓ SBCCD's new Flight Lab provides experiential, technology-based training aligned with FAA competencies, accelerating students' progress toward entry into high-demand aviation careers.
- ✓ Enrollment barriers were reduced through the transition from WebAdvisor to Self Service, eliminating late-add codes and simplifying registration.
- ✓ SBCCD strengthened financial aid access by delivering 201 FAFSA workshops serving 939 students, providing California Dream Act completion labs for 32 students, and implementing data-sharing partnerships.

Outcome Achieved

Student Accessibility Services (SAS) reached record utilization, delivering 221 tutoring appointments to 69 students, representing a 29% increase in appointments and a 35% increase in students served compared to Fall 2024. These gains reflect increased awareness of support services, improved referral and outreach practices, and continued emphasis on supporting student success in high-need gateway courses such as math and English.

SUBJECT: Consideration of Approval of the Prioritized Board Directives for Development of the 2026-27 Budget for First Reading

RECOMMENDATION

It is recommended that the Board of Trustees accept the attached Prioritized Board Directives for Development of the 2026-27 budget for first reading.

OVERVIEW

According to Administrative Procedure 6200 Budget Preparation, the Board of Trustees holds full authority to set budget directives for the District. For the 2026-27 budget, the Board is tasked with establishing initial directives to guide the budget development process. These directives shall be issued no later than March 1, 2026, ensuring alignment with the district's priorities and strategic goals.

ANALYSIS

At this time staff is recommending clarification of the budget directive process per the attached. This recommendation is in line with SBCCD's Strategic Plan and Goals and was discussed by the Board Finance Committee on December 12, 2025, and recommended to the full Board for review. The Board of Trustees Finance Committee reviewed these principles on December 12, 2025, and voted to recommend to the full Board a reaffirmation of the Prioritized Board Directives with no changes. It is anticipated that the Board directives will be submitted to the Board for final approval on February 12, 2026.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

The outcome of the Board's discussion and resulting guidance will ensure that SBCCD resources are aligned with SBCCD strategic goals and objectives to the benefit of our students, staff, and community.

Prioritized Board Directives for the 2025-26 SBCCD Budget

Submitted for First Reading January 22, 2026

Consistent with SBCCD Administrative Procedure 6200 Budget Preparation, the Board of Trustees holds full authority to set budget directives for the District and is tasked to provide staff with initial directives concerning the distribution of resources for the fiscal year 2026-27 budget prior to March 1, 2026, ensuring alignment with SBCCD priorities and strategic goals. SBCCD's budget shall be prepared in accordance with Title 5, the California Community Colleges Budget and Account Manual, and all other related state and federal laws and regulations.

- 1) The SBCCD 2026-27 budget shall align unrestricted general fund and student success funding with the SBCCD Goals and Objectives attached.
- 2) The SBCCD 2026-27 budget shall set aside funding for innovative initiatives found within the SBCCD Goals & Objectives.

SUBJECT: Consideration of Approval to Reaffirm Guiding Principles for the \$15 Million State Grant to KVCR

RECOMMENDATION

It is recommended that the Board of Trustees approve the Guiding Principles for the \$15 Million State Grant to KVCR as presented.

OVERVIEW

The California Legislature provided \$15 million to KVCR as part of its Fiscal Year 2022-23 budget. To be good stewards of the public funds and uphold SBCCD's goals, the Board of Trustees adopted a set of Guiding Principles for the grant proceeds. As stipulated in the adopted document, the principles are to be reviewed and approved annually.

ANALYSIS

The Guiding Principles were last reviewed and revised by the Board of Trustees in February of 2025. In accordance with sound practice, they are once again being submitted for review, discussion, and affirmation. The Board of Trustees Finance Committee reviewed these principles on December 12, 2025, and voted to recommend to the full Board a reaffirmation of the existing principles with no changes.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

Proceeds shall continue to be invested in a manner that provides KVCR with the maximum potential income on an annual basis.

SUBJECT: Consideration of Approval to Reaffirm Guiding Principles for the FCC Auction Proceeds

RECOMMENDATION

It is recommended that the Board of Trustees affirm the Guiding Principles for the FCC Auction Proceeds as attached, reflecting no changes from the February 8, 2024, affirmation.

OVERVIEW

In July 2017, SBCCD was the recipient of \$157 million in FCC Auction Proceeds in exchange for the transition of KVCR-DT from UHF to VHF. After much discussion, a set of guiding principles was developed, reviewed by collegial process, and approved by the Board of Trustees. These guiding principles are reviewed periodically by the Board of Trustees for revision or reaffirmation.

ANALYSIS

The Guiding Principles were last reviewed and revised by the Board of Trustees in February of 2024. In accordance with sound practice, they are once again being submitted for review, discussion, and affirmation. The Board of Trustees Finance Committee reviewed these principles on December 12, 2025, and voted to recommend to the full Board a reaffirmation of the existing principles with no changes.

SUBJECT: Consideration of Approved Naming Engine Bay at Public Safety Allied Health Building as the Captain Michael Orland Engine Bay

RECOMMENDATION

It is recommended that the Board of Trustees approve the naming of Engine Bay One in the Public Safety Allied Health Building (Building 16) at Crafton Hills College as the "Captain Michael Orland Engine Bay".

OVERVIEW

The Foundation received an initial endowed gift of \$105,000 between September 2019 and December 2025. Beginning in 2026 and continuing annually through 2035, donor commits to additional gifts totaling \$23,000, and a minimum \$25,000 estate planned gift through naming the CHC Foundation as 50% beneficiary for Margie Orland's Individual Retirement Account (IRA). In total, contributions received and pledged exceed \$150,000. These funds will provide ongoing support for cadets in the CHC Fire Academy through the Crafton Hills College Foundation.

ANALYSIS

Per Board Policy 6620, the Board retains authority for naming college facilities and properties which includes portions of buildings.

In accordance with Administrative Procedure 6620, and in grateful recognition of the generosity of the Michael Orland Estate and Margie Orland, Crafton Hills College, with the approval of the Board of the San Bernardino Community College District will name an engine bay in Building 16 the "Captain Michael Orland" engine bay.

FINANCIAL IMPLICATIONS

None. The contributions will be held with the CHC Foundation. Expendable distributions will support annual awards for cadets in the CHC Fire Academy with the remaining endowed portion of funds invested to provide support for Crafton Hills College in perpetuity.

SUBJECT: Consideration of Approval to Adopt Resolution #2026-01-22-FPC01 Approving the Use of Design-Build Construction Delivery Method for the Admin Building & Campus Center Repurposing Project

RECOMMENDATION

It is recommended that the Board of Trustees adopt Resolution #2026-01-22-FPC01 approving the use of the Design-Build construction delivery method (including progressive Design-Build) for the Admin Building & Campus Center Repurposing Project and authorizing related acts pursuant to Education Code 81700 et seq.

OVERVIEW

The San Bernardino Community College District desires to construct various projects using the Design-Build construction delivery method (including progressive Design-Build). Design-Build will be incorporated, along with other traditional delivery methods, throughout the Bond Program and will be applied where appropriate and fitting for the project.

Education Code section 81700 et seq authorizes the governing board of a community college district, upon deciding that it is in the best interest of the community college district, to enter into a Design-Build contract for both the design and construction of a community college facility if that contract exceeds \$2,500,000.00.

ANALYSIS

The benefits of the Design-Build construction delivery method include accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for community college districts; this method is also found to be cost-effective. Benefits to community college districts are achieved by shifting the liability and risk for cost containment and project completion to the Design-Build entity.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution
3. Be a Leader and Partner in Addressing Regional Issues
4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

There are no direct financial implications associated with the approval of this Board item.

**RESOLUTION #2026-01-22-FPC01 OF THE BOARD OF TRUSTEES OF THE SAN
BERNARDINO COMMUNITY COLLEGE DISTRICT
APPROVING THE USE OF THE DESIGN-BUILD CONSTRUCTION DELIVERY METHOD FOR THE ADMIN BUILDING AND
CAMPUS CENTER REPURPOSING PROJECT AND AUTHORIZING RELATED ACTS PURSUANT TO EDUCATION CODE
81700 ET SEQ.**

WHEREAS, the San Bernardino Community College District (“District”) desires to construct the Admin Building and Campus Project (Project) at San Bernardino Valley College using the Design-Build construction delivery method (which includes progressive Design-Build), whereby the District will select a Design-Build entity (“Builder”) to design and construct the Project;

WHEREAS, Education Code section 81700 et seq. authorizes the governing board of a community college district, upon making a determination that it is in the best interest of the community college district, to enter into a Design-Build contract for both the design and construction of a community college facility if that contract exceeds two million five hundred thousand dollars (\$2,500,000.00);

WHEREAS, the District’s Board of Trustees (“Board”) has determined that the Design-Build process is in the best interest of the District for the design and construction of the Project pursuant to Education Code section 81700 et seq. because: the Legislature has recognized the merits of the Design-Build procurement process in the past by authorizing its use for projects undertaken by the University of California, specified local government projects, including school districts, and state office buildings; the Legislature has found and declared that the benefits of a Design-Build contract project delivery system include accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for community college districts; the Legislature also found that the cost-effective benefits to community college districts are achieved by shifting the liability and risk for cost containment and project completion to the Design-Build entity;

WHEREAS, the Board hereby determines and finds that the Design-Build process for the design and construction of the Project provides features not achievable through the traditional design-bid-build method including, allowing for direct coordination between the designer and builder since they are one entity, thereby, allowing major decisions regarding Project components and design elements to be coordinated at an earlier stage, optimizing and reducing Project costs and expediting Project completion;

WHEREAS, Board hereby further determines and finds that utilizing the Design-Build construction delivery method for the Project allows the District to determine Project costs earlier and enables the District to select a Builder that has the ability to design and construct the Project within the established budgets and will contractually be obligated to construct the Project within the approved budgets, and to shift design risk to a quality Builder on complex projects and renovations;

WHEREAS, the request for qualifications/request for proposals used to select the Builder will include requirements that the Builder will comply with any applicable District values such as Board Policy 6610;

WHEREAS, the District will select the Builder using the “best value” procurement methodology pursuant to Education Code sections 81703 and 17250.25(b); and

WHEREAS, the District's governing Board of Trustees will be regularly updated and informed on the progress of the design of the Project to ensure it aligns with the design intent and vision of the Project.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED, the Board of Trustees of the San Bernardino Community College District as follows:

Section 1. That the above recitals are true and correct.

Section 2. That the Board determines that it is in the best interest of the District to use the Design-Build construction delivery method pursuant to Education Code section 81700 *et seq.* for construction of the Projects.

Section 3. That the Board finds that the project expenditure for the design and construction for the Project will exceed two million five hundred thousand dollars (\$2,500,000.00).

Section 4. That this Resolution shall take effect upon adoption.

ADOPTED, SIGNED AND APPROVED, this 22nd day of January 2026.

President of the Board of Trustees

SUBJECT: Advisory Committees List

RECOMMENDATION

It is recommended that the Board of Trustees approve the Advisory Committee members who serve the various academic programs throughout San Bernardino Valley and Crafton Hills College.

OVERVIEW

According to Title 5, all Career Technical Education programs must have an Advisory Committee. These committees must be presented and approved by the Institution's Board of Trustees.

ANALYSIS

Title 5 of the California Code of Regulations explicitly states that Career Technical Education (CTE) programs serving higher educational facilities must have Advisory Committees. These Advisory Committees are composed of industry leaders, local business, community and faculty, along with other experts in the field who have extensive knowledge, and/or education, of the subject matter in which they are serving as committee members. These committee members offer the most up-to-date knowledge, expertise, and guidance within their chosen field.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees

FROM: Dr. Diana Z. Rodriguez, Chancellor

REVIEWED BY: Dr. Kevin Horan, President, CHC

PREPARED BY: Dr. Keith Wurtz, Vice President, Instruction, CHC

DATE: January 22, 2026

SUBJECT: Consideration of Approval of Curriculum - CHC

RECOMMENDATION

It is recommended that the Board of Trustees approve the CHC curriculum modifications.

OVERVIEW

The courses, certificates, and degrees at CHC are continually being revised and updated to reflect and meet student needs.

ANALYSIS

These courses, certificates, and degrees have been approved for addition, modification, and deletion by the Curriculum Committee of the Academic Senate and will be included in 2026-2027 College Catalog.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution
3. Be a Leader and Partner in Addressing Regional Issues
4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

None.

Program Level Outcomes

A student receiving a degree/certificate in the field will be able to:

1. Identify the CA Standards for the teaching profession.
2. Analyze the core professional and teaching skills for elementary teachers
3. identify equity and diversity practices as they relate to elementary education
4. Begin developing the foundational content knowledge required to transfer to a four-year university and complete the state teacher credentialing process.

Program Goals and Objectives

The Associate in Arts-Transfer (AA-T) degree in Elementary Teacher Education: Integrated Programs at Crafton Hills College is designed to meet the needs of students transferring to a California State University who intend to major in Child Development, liberal studies, or a related field of study.

Rationale

Update to meet new CalGETC requirements.

Catalog Description

The AA-T, Elementary Teacher Education: Integrated Programs, prepares students for elementary school teaching careers, grades K-5. Our preliminary degree provides students with interdisciplinary subject matter expertise as required for seamless transfer to a four-year university's bachelor's degree completion program in Liberal Studies and fulfills its lower-division requirements. Its introductory education course emphasizes equitable, culturally responsive pedagogy and teacher performance expectations, including professional teaching standards. In addition, students complete early fieldwork placements in our community, which allows future educators to observe active teaching and learning in today's diverse classrooms. These authentic, contextualized learning opportunities are intentionally designed for undergraduate students interested in public service, through teaching careers in elementary schools, grades K-5.

Introduction to Arts Entrepreneurship

Units:

3

Lecture:

48-54 contact hours per semester

Recommendation:

ENGL C1000 or ENGL C1000H

Course Description:

This course introduces students to the fundamentals of entrepreneurship in the arts, focusing on how creative individuals can build sustainable careers and arts-based businesses. Designed with an emphasis on personal development and practical implementation, the course explores a range of business models across artistic disciplines—from performing and visual arts to digital media and technology. Students will analyze creative leadership styles, emerging business structures, creative startup ecosystems, and the challenges of navigating the gig economy. Through discussions, skills assessment, case studies, and self-reflective work, students will engage deeply with the entrepreneurial mindset, developing tools to support both artistic purpose and economic sustainability. This course introduces inclusive practices in arts business development, considering access, representation, and community relevance in all entrepreneurial approaches. This course highlights the full spectrum of the creative experience, encouraging lifelong learning, ongoing skill development, professional growth, and adaptive strategies for evolving arts careers. The course highlights equitable access to innovative resources, culturally responsive entrepreneurship, and representation across diverse artistic communities.

Recommendation:

ENGL C1000 or ENGL C1000H

Course Description:

This course introduces students to branding and marketing concepts specifically tailored for creative and arts-based businesses. Designed with a focus on both foundational principles and hands-on implementation, students will explore topics such as brand identity, visual identity development, storytelling, digital marketing,

audience development and engagement, brand management, and the use of emerging technologies such as AI. Through lectures, case studies, and studio-based projects, students will develop a branding and marketing strategy aligned with their artistic vision and career aspirations. Real-world examples and guest speakers will provide insights into creative marketing challenges and opportunities in today's arts entrepreneurship landscape. The course emphasizes equitable and culturally responsive marketing strategies that engage diverse audiences, dismantle bias in representation, and foster belonging in the creative economy. Students will draft a creative branding and marketing plan tailored to their practice. Familiarity with Canva (or similar) or basic graphic design software or creative practice is recommended.

NEW CERTIFICATE

Arts Entrepreneurship - Certificate of Achievement

The Certificate in Arts Entrepreneurship is an interdisciplinary, practice-based program designed for students pursuing sustainable careers across a wide range of artistic disciplines. Blending business fundamentals with creative practice, the program equips students with the tools to launch, manage, and grow arts-based ventures in today's evolving economy. Through six thematically sequenced courses, students develop key competencies in integrating artistic practice with business planning, financial strategy, marketing, operations, project execution, and leadership. Coursework guides students from foundational concepts to advanced, applied strategies that support financial independence and long-term success as creative professionals. Rooted in the unique context of arts entrepreneurship, the program emphasizes entrepreneurial thinking, ethical leadership, and culturally responsive approaches to both business and the arts. The program fosters ongoing professional development and supports individualized pathways that reflect students' unique goals and artistic identities. This certificate supports individualized pathways and ongoing professional development, preparing students for direct entry into the creative workforce as self-employed artists, freelancers, or entrepreneurs in the arts.

Administration of Justice Associate in Science - Transfer Degree, AS-T

Administration of Justice is the study of the causes, consequences, and control of crime. The program leading to the Associate in Science in Administration of Justice for Transfer (AS-T) is designed to acquaint pre-service and in-service students with the principles and practices of criminal justice systems in America. The goal of this program is to familiarize students with a foundation in the Criminal Justice sub-systems: Law Enforcement, Correctional Science, Criminology, Forensics, Investigations, and the Judicial /Court's role. The program is both academic and professional in that it is an interdisciplinary attempt to relate intellectual issues and practitioner perspectives to the challenge of crime in a free society. Consequently, the program provides preparation for employment with a related agency and /or transfer to a college or university.

The Associate in Science for Transfer (AS-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AS-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Administration of Justice AS-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum "C" grade required in each course. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale.

Students planning on transferring to a four-year institution and major in Administration of Justice should consult with a counselor regarding the transfer process and lower division requirements.

Biology Associate in Science - Transfer Degree, AS-T

The Associate in Science in Biology for Transfer (AS-T) degree is intended for students who plan to transfer and complete a Bachelor's degree in Biology, or a similar major at a CSU campus. It serves the diverse needs of students who wish to obtain a broad and an in-depth understanding of the field. The Biology Department offers comprehensive and integrative studies in each of the introductory courses of Biology. Courses in Biology prepare students interested in careers in cell biology, genetics, physiology, developmental biology, biotechnology, zoology, botany, microbiology, evolution, ecology, behavior, environmental studies, and the health sciences. The objective of this degree is to delineate a successful career path for our community college students entering the Biology program and to provide opportunities that explore the Biology major. Upon successful completion of the AS-T in Biology, students may be able to enter majors for any of these Biology subfields.

The Associate in Science for Transfer (AS-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AS-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Biology AS-T degree, students must meet the following requirements:

Communication Studies 2.0 Associate in Arts - Transfer Degree, AA-T

The Associate in Arts for Transfer (AA-T) in Communication Studies 2.0 encourages students to examine and evaluate human communication across and within various contexts for the purpose of increasing communication competence. Communication studies courses foster practical communication skills. The emphasis is the development of the skills and techniques essential for effective public, interpersonal, and small group communication.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Communication Studies 2.0 AA-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum "C" grade required in each course. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale.

Students planning on transferring to a four-year institution and major in Communication Studies should consult with a counselor regarding the transfer process and lower division requirements.

Computer Science Associate in Science - Transfer Degree, AS-T

The field of Computer Science is the study of technology and computation which include methods by which data is accessed and manipulated. This includes representational computation, computer learning paradigms, code constructs, algorithmic modeling, and software development and testing. The Associate in Science for Transfer (AS-T) degree in Computer Science prepares students for transfer to four-year colleges and universities. Students opting for a degree in Computer Science will be prepared to take classes in systems analysis, mathematics, data structures, C++, C#, Python, along with a variety of developing code structures in the cloud or local technologies. After acquiring the skills in this field, students will be prepared to manage and adjust to new and emerging technologies worldwide.

The Associate in Science for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AS-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Computer Science AS-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum "C" grade required in each course. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale.

Students planning on transferring to a four-year institution and major in Computer Science should consult with a counselor regarding the transfer process and lower division requirements.

Early Childhood Education Associate in Science - Transfer Degree, AS-T

The Associate in Science in Early Childhood Education for Transfer degree is designed to provide the lower division major courses to transfer to a California State University and earn a Bachelor's degree in Child Development, Human Development or Early Childhood Education. This program focuses on the theories and developmentally appropriate inclusive practices for educating children from birth to age eight. Study in the major includes coverage of child development and socialization, observation and assessment, curriculum development, culturally and linguistically appropriate teaching, as well as excellent health, safety, and nutrition practices in early care and education. This degree prepares students for teaching in early care and education settings as well as transfer.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Early Childhood Education AA-T degree, students must meet the following requirements:

Economics Associate in Arts - Transfer Degree, AA-T

The Economics program focuses on the systematic study of the production, conservation and allocation of resources in conditions of scarcity, together with the organizational frameworks related to these

processes. Economics is truly all around us, present in almost every aspect of our lives from the perspective that every human activity involves choice between alternatives (i.e., trade-offs) and the use of some scarce resource. Studying the subject gives students a general understanding of the world and its inner workings. Students learn everything from what determines the price of goods and services to why the average standards of living vary so widely within and between countries. An economics major is very versatile and provides excellent preparation for law school. Economics majors can find positions with the government, in all areas of business decision-making, in positions associated with technology or finance, and more.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

Elementary Teacher Education: Integrated Programs Associate in Arts - Transfer Degree, AA-T

The AA-T, Elementary Teacher Education: Integrated Programs, prepares students for elementary school teaching careers, grades K-5. Our preliminary degree provides students with interdisciplinary subject matter expertise as required for seamless transfer to a four-year university's bachelor's degree completion program in Liberal Studies and fulfills its lower-division requirements. Its introductory education course emphasizes equitable, culturally responsive pedagogy and teacher performance expectations, including professional teaching standards. In addition, students complete early fieldwork placements in our community, which allows future educators to observe active teaching and learning in today's diverse classrooms. These authentic, contextualized learning opportunities are intentionally designed for undergraduate students interested in public service, through teaching careers in elementary schools, grades K-5.

The Associate in Arts for Transfer (AA-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Elementary Teacher Education AA-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum "C" grade required in each course. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale.

English is the study and production of writing in English, especially literature. The elements and structures of fiction, poetry, drama and the essay are studied. The ethnic, cultural, social, economic and historical foundations of literary works are analyzed as well as their influences on the creation and reception of those works. Finally, there is a strong emphasis in writing for a variety of purposes, audiences, and effects. The study of English prepares a student for further study in Literature, Creative Writing, Journalism and other closely related fields. In addition, the skills and abilities cultivated by the study of English are excellent preparation for any field which requires wide literacy and solid writing ability, including teaching/education, advertising, law, public relations, and work in the media.

The Associate in Arts for Transfer (AA-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

DEGREE MODIFICATION

Environmental Science - A.S. Degree

The goals of the Environmental Science program are to: 1) meet the needs of students who are majoring in one of the diverse fields encompassed by environmental science, and 2) provide options for students fulfilling general education science requirements.

Awareness of the issues of environmental quality, environmental racism, and environmental justice are increasingly important in business, industry, and government. The growing human population and increasing consumption of resources are creating unprecedented pressures on our planetary life support systems. Within the human population, socioeconomically and politically disenfranchised communities oftentimes suffer the consequences of polluted environments when compared with more advantaged communities. This is one of the many aspects of structural racism. This degree helps students to understand how environmental racism, environmental justice, and multiculturalism are vital components of the environmental landscape.

Environmental Science Majors need to complete an interdisciplinary set of core requirements that provide a basic understanding of the physical, biological, and social sciences and the relevance of these sciences to environmental processes and issues. In addition, the coursework will prepare students for related baccalaureate majors, including biology, chemistry, engineering, geography, geographic information systems (GIS), geology, mathematics, oceanography, and physics. For non-majors, the program's goal is to educate students to make better-informed choices about key environmental, health, and justice issues.

Students planning to transfer to a four-year institution and major in Environmental Science should consult with a counselor regarding the transfer process and institution-specific lower-division requirements. In upper division and graduate studies, students majoring in environmental science usually specialize in areas such as environmental toxicology, public health, environmental law, education, environmental economics, soil and water science, restoration ecology, environmental landscaping, environmental management, urban planning, and related careers.

To graduate with a specialization in Environmental Science, students must complete the following required courses plus the general breadth requirements for the Associate Degree (total = 60 units).

Environmental Science Associate in Science - Transfer Degree, AS-T

The goals of the Environmental Science program are to: 1) meet the needs of students who are majoring in one of the diverse fields encompassed by environmental science, and 2) provide options for students fulfilling general education science requirements.

Awareness of the issues of environmental quality and environmental justice are increasingly important in business, industry, and government. The growing human population and increasing consumption of resources are creating unprecedented pressures on our planetary life support systems. Within the human population, socioeconomically and politically disenfranchised communities oftentimes suffer the consequences of polluted environments when compared with more advantaged communities. This uneven, inequitable environmental landscape is viewed through the lenses of environmental racism, environmental justice, and multiculturalism.

Environmental Science Majors need to complete an interdisciplinary set of core requirements that provide a basic understanding of the physical, biological, and social sciences and the relevance of these sciences to environmental processes and issues. In addition, the coursework will prepare students for related baccalaureate majors, including: biology, chemistry, engineering, geography (including emphasis in geographic information systems (GIS)), geology, mathematics, oceanography, and physics. Geography - A.S. Degree

The Associate of Science Degree in Geography provides a transfer path to four-year baccalaureate degrees, and it serves the diverse needs of students who wish to obtain a broad and an in-depth understanding of the field. Additionally, this degree allows students to examine the environmental and spatial science of geography, including physical and cultural landscapes across the Earth. Courses in Geography prepare students interested in careers in environmental studies, environmental and social justice, education, engineering, urban planning, politics, law, and architecture.

The environmental and spatial science of geography examines physical and human landscapes across the Earth. As a spatial science, physical and human location and patterns on Earth's surface are central to the study of geography. It includes the study of all forces of nature and the consequences of those forces, with an emphasis on human-environment interactions.

Geography integrates multiple physical and social sciences and includes: the nature and interactions of the atmosphere and the land, plants and animals, the Earth's waters, weather, climate, the Earth's dynamic surface,

landforms and soil, and the way people have inhabited and altered the Earth by creating various forms of agriculture, language, religion, and cities.

Students planning to transfer to a four-year institution as a geography major should consult with a counselor regarding the transfer process and lower division requirements.

To graduate with a specialization in Geography, students must complete the following required courses plus the general breadth requirements for the Associate Degree (total = 60 units).

Geology Associate in Science - Transfer Degree, AS-T

The Associate in Science in Geology for Transfer (AS-T) degree is designed for students aiming to transfer to a California State University (CSU) to pursue a bachelor's degree in geology or a related field. This program provides students with a strong foundation in the principles of geology, emphasizing the study of Earth's materials, processes, and history. The curriculum includes core courses in physical and historical geology, as

well as foundational courses in chemistry, physics, and mathematics. These subjects equip students with the analytical, observational, and problem-solving skills necessary for success in the field of geology.

Students completing this program will, (1) gain an understanding of Earth's physical structure, natural resources, and dynamic processes, including plate tectonics, volcanism, and erosion, (2) learn to analyze rock, mineral, and fossil specimens in both laboratory and field settings and (3) develop a solid foundation in scientific inquiry and quantitative reasoning applicable to geology and related disciplines. Graduates of the program can pursue careers in environmental consulting, natural resource exploration, geological research, or further studies in specialized areas like paleontology, seismology, or hydrology.

The Associate in Science for Transfer (AS-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AS-T are guaranteed admission to the CSU system, but not to a particular campus or major.

DEGREE MODIFICATION

Law, Public Policy, and Society Associate in Arts - Transfer Degree, AA-T

The Law, Public Policy, and Society degree is designed to prepare students for transfer into the CSU system to complete a baccalaureate degree in American Studies, Communications, Criminal Justice, Criminology, Global Intelligence and National Security, International Relations, Philosophy, Political Science, Social and Behavioral Sciences or a similar major. Upon completion of this degree, students will have a strong academic foundation in the field and be prepared for upper division baccalaureate study. Students who have completed the Law, Public Policy, and Society transfer degree will have satisfied the lower division requirements for transfer into American Studies, Communications, Criminal Justice, Criminology, Global Intelligence and National Security, International Relations, Philosophy, Political Science, Social and Behavioral Sciences or similar major for many campuses in the California State University system.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Law, Public Policy, and Society AA-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").
- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum "C" grade required in each course. A "C" is defined as a minimum of 2.0 grade points on a 4.0 scale.

Students planning on transferring to a four-year institution and major in Law, Public Policy, and Society should consult with a counselor regarding the transfer process and lower division requirements.

Mathematics Associate in Science - Transfer Degree, AS-T

Mathematics is one of the oldest sciences. Mathematicians usually work in two general areas of mathematics, theoretical or applied mathematics. Mathematicians expand mathematical knowledge, by discovering mathematical principles or expanding on known mathematical theory. Mathematicians develop models indirectly or directly to solve problems in other fields such as business, chemistry, biology, physics, engineering, statistics, computer science, and other sciences.

The Associate in Science for Transfer (AS-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AS-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Mathematics AS-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").

- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum “C” grade required in each course. A “C” is defined as a minimum of 2.0 grade points on a 4.0 scale.

Philosophy Associate in Arts - Transfer Degree, AA-T

Strategically located within academic study, the discipline of philosophy offers students the opportunity to study diverse and competing worldviews. Through critical reading, thinking and writing, students will be challenged to acknowledge and respect diversity, promote equity, and seek opportunities of inclusion. Philosophy is concerned with perennial questions and is focused on reading carefully, thinking critically, understanding deeply, and imagining richly.

We will explore the nature of reality, truth and value, the human response to death and suffering, and ask big questions. For example: Who am I? Why am I here? What is truth? How do I know anything? What is good and what is evil? Philosophy courses require critical analysis, clarity, and understanding. These skills are achieved through careful and close reading of texts, images, and symbols, as well as through descriptive and analytic writing. You can expect the reward of an active, teachable, and inquisitive mind as well as a rich imagination.

The Associate in Arts for Transfer (AA-T) in Philosophy offers a challenging opportunity to explore how to learn and you will learn about your potential contributions within our world. This challenging and exciting endeavor can help us make sense of the events taking place in the world around us. Most of all, by studying philosophy, you will learn about yourself. Studying philosophy provides students with invaluable skills transferable to nearly all vocations. The law states that students will have guaranteed admission to a California State University (CSU) campus upon successful completion of the specified program requirements.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

Social Justice Studies: Ethnic Studies Associate in Arts - Transfer Degree, AA-T

The Associate in Arts for Transfer in Social Justice Studies: Ethnic Studies is a transfer degree that prepares students who are interested in pursuing a Bachelor's degree in Ethnic Studies. Students could move on to study majors that may include the following: African American Studies, American Indian Studies, Asian American Studies, Chicano/Chicana Studies, Ethnic Studies, and/or Latin American Studies. Ethnic Studies is an interdisciplinary study that explores the ways that ethnicity, race, and racism shape the experiences of Black, Indigenous, and people of color in the United States. This discipline draws from the perspectives of other fields, such as Sociology, Anthropology, History, Education, Music, Art, and Literature to offer courses that present a diversity of topics.

This discipline celebrates the uniqueness of each experience, as well as addresses the larger power dynamic which has been maintained as a barrier to social change. These courses identify the "place" where various peoples have come from and the challenges they have faced when told to stay "in their place." By engaging in topics such as racism and racialization, heteronormativity, ethno-centrism, and white supremacy, students will develop critical thinking skills to challenge these issues in a diverse world. This degree is designed to inspire students to take an active role in bettering our community with the goal of social, economic, legal, and political equality.

Students with a degree in Ethnic Studies move on to become teachers, social workers, professors, lawyers, politicians, community organizers and activists, union organizers, public policy and health officials, and to become critical workers for non-profit and profit organizations.

The Associate in Arts for Transfer (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn this Social Justice Studies: Ethnic Studies AA-T degree, students must meet the following requirements:

- Completion of the following major requirements with a minimum grade of "C" (or "P").

- Certified completion of the California General Education Transfer Curriculum (Cal-GETC), which requires a minimum of 34 units; and
- Completion of a minimum 60 Cal-GETC transferrable semester units with a minimum “C” grade required in each course. A “C” is defined as a minimum of 2.0 grade points on a 4.0 scale.

SUBJECT: Consideration of Approval of Non-Instructional Pay for Academic Employees

RECOMMENDATION

It is recommended that the Board of Trustees approve non-instructional pay for academic employees as indicated on the attached.

OVERVIEW

Academic employees will be compensated at the agreed upon non-instructional rate of pay. This compensation is requested due to the periodic need for academic employees to assist with various department research, projects, committee work, or campus/community events.

ANALYSIS

As of July 1, 2025, non-instructional rates of pay are based on the Tentative Agreement by and between SBCCD and the CTA regarding *Article 10 Wages*, which was Board approved May 8, 2025.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success

FINANCIAL IMPLICATIONS

The cost of the non-instructional pay is included in the appropriate 2025-2026 budgets.

SUBJECT: Consideration of Approval to Place Classified Employees on the 39-Month Reemployment List

RECOMMENDATION

It is recommended that the Board of Trustees approve the placement of classified employees on the 39-Month Reemployment List as indicated on the attached.

OVERVIEW

In accordance with Article 14: Leaves of the Collective Bargaining Agreement between SBCCD and the CSEA, when all an employee's available leaves of absence, paid or unpaid, have been exhausted, the unit member shall be placed on a reemployment list for a period of 39 months.

ANALYSIS

The employees listed on the attached have exhausted all available leaves of absence.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution

FINANCIAL IMPLICATIONS

There are no financial implications associated with this board item.

It is recommended that the Board of Trustees approve the granting of sabbatical leave for the 2025-2026 academic year.

OVERVIEW

These employees are being recommended for Sabbatical Leave for the 2026-2027 academic year and exercise the option under Education Code Section 87770 to waive the furnishing of a bond and pay employees on Sabbatical Leave in the same manner as though a bond is furnished; if the employee executes an agreement containing terms and conditions that protect the interests of the District.

- Lucas Cuny, Fall 2026
- Andrea Hecht, Spring 2027
- Kashaunda Harris, Spring 2027
- Krista Ivy, Spring 2027

ANALYSIS

On September 11, 2025, the Board of Trustees granted two full year sabbatical leaves districtwide for the 2026-2027 academic year. Sabbatical Leave Committees at each campus reviewed any applications received and forwarded their recommendations to the District. The District Sabbatical Leave Committee reviewed the requests and forwarded their recommendations to the Chancellor.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution
3. Be a Leader and Partner in Addressing Regional Issues
4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

The cost for the District is the replacement for the instructor's classes and is included in the appropriate 2026-2027 budgets.

2026 Black History Month Comedy Improv Show, SBVC Auditorium	SBCCD BFSA	02/28/2026 5:00-8:00 p.m.	Wine, Spirits, and Beer

OVERVIEW

The possession, sale or furnishing of alcohol on campuses is governed by California law. It is a violation of SBCCD policy for anyone to consume or possess alcohol anywhere on campus without prior District approval. Organizations or groups violating alcohol policies may be subject to sanctions.

The decision to serve alcoholic beverages at the event(s) listed above has been agreed to by campus management.

ANALYSIS

This request meets the requirements of SBCCD Board Policy and Administrative Policy 3560 on Alcoholic Beverages and California law. The appropriate paperwork has been filed through the Business Services office to obtain the appropriate licenses.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution
3. Be a Leader and Partner in Addressing Regional Issues
4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

SUBJECT: Consideration of Ratification for Contracts at or Above \$119,100

RECOMMENDATION

It is recommended that the Board of Trustees ratify the contracts on the attached list which are routine in nature, support the ongoing operation of the District, and have a total contract cost at or above \$119,100.

OVERVIEW

In accordance with SBCCD Board Policy 6100, Delegation of Authority, The Board of Trustees delegates authority to the Chancellor to supervise the general business procedures of the District to assure the proper administration of property and contracts. District staff is presenting the attached purchase and/or contract requests, which meet or exceed the formal bid limits, for Board approval in the form of ratification.

ANALYSIS

The California Board of Governors sets the formal bid limit for procurement of goods and/or services on an annual basis. The formal bid limit for the current calendar year has been set at \$114,800. Ratification of the contracts on the attached list will allow for the successful ongoing operation of the District. Construction services are not included in this board item.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

The attached purchase and/or contract requests have been budgeted for via purchase requisition.

SUBJECT: Consideration of Approval of Individual Memberships

RECOMMENDATION

It is recommended that the Board of Trustees approve the attached list of individual memberships.

OVERVIEW

The County of San Bernardino District Financial Services Division requires certification of Board minutes, that are in accordance with provisions of legal codes for the State of California, to pay invoices for memberships. Whenever possible, SBCCD purchases institutional memberships to be used districtwide. The individual requesting membership has reviewed, and confirms, the District does not currently subscribe to an institutional membership and the association to which they are requesting membership only offers Individual memberships. The memberships requested are related to job duties and functions to promote and advance our institutions and students.

ANALYSIS

Education Code Section 35172 (d) Subscribe for membership for any school under its jurisdiction in any society, association, or organization which has for its purpose the promotion and advancement of public or private education. (e) Subscribe for membership in, or otherwise become a member of, any national, state, or local organization of governing boards of school districts or members thereof which has for its purposes the promotion and advancement of public education through research and investigation, and the cooperation with persons and associations whose interests and purposes are the betterment of the educational opportunities of the children of the state.

Education Code Section 35160.1 (a) The Legislature finds and declares that school districts, county boards of education, and county superintendents of schools have diverse needs unique to their individual communities and programs. Moreover, in addressing their needs, common as well as unique, school districts, county boards of education, and county superintendents of schools should have the flexibility to create their own unique solutions. (b) In enacting Section 35160, it is the intent of the Legislature to give school districts, county boards of education, and

county superintendents of schools broad authority to carry on activities and programs, including the expenditure of funds for programs and activities which, in the determination of the governing board of the school district, the county board of education, or the county superintendent of schools are necessary or desirable in meeting their needs and are not inconsistent with the purposes for which the funds were appropriated. It is the intent of the Legislature that Section 35160 be liberally construed to affect this objective. (c) The Legislature further declares that the adoption of this section is a clarification of existing law under Section 35160.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution

SUBJECT: Consideration of Approval of Surplus Property and Authorize Donation to San Bernardino City Unified School District

RECOMMENDATION

It is recommended that the Board of Trustees approve the surplus and donation of four floor mats to San Bernardino City Unified School District.

OVERVIEW

San Bernardino Valley College wishes to surplus the items which are no longer needed by the District. Education Code 81450.5 provides that a community college district may donate property to another college or public entity. The estimated value of the donation is \$700.

ANALYSIS

San Bernardino Valley College no longer uses the items and they are non-essential to ongoing operations. San Bernardino City Unified School District has examined the items and is willing to accept the donation for use in supporting their mission.

SUBJECT: Consideration of Approval of Surplus Property and Authorization for Private Sale or Disposal

RECOMMENDATION

It is recommended that the Board of Trustees declare the equipment and/or materials listed on the attached as surplus property and direct the Business Office to arrange for its sale or disposal.

OVERVIEW

California Education Code 81452 states that if a governing board, by a unanimous vote of those members present, finds that property, whether one or more items, does not exceed in value the sum of \$5,000, the property may be sold at private sale without advertising or disposed of.

ANALYSIS

The items listed on the attached have been identified as obsolete and no longer usable. Upon approval by the board, they will be sold or disposed of through reputable auction houses and/or salvage companies.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

Funds for materials sold will be provided to the district after auction and positively impact the budget.

SUBJECT: Consideration of Ratification of Master Services Agreements, Task Orders, and Professional Service Agreements for Bond Construction

RECOMMENDATION

It is recommended that the Board of Trustees ratify Master Services Agreements, Task Orders, and Professional Services Agreements as indicated on the attached list.

OVERVIEW

To support the Measure CC Bond Program, SBCCD has created various shortlists of professional service consultants for specific pre-design, and engineering disciplines in accordance with the established Request for Qualifications process. These prequalified shortlists include:

- Architectural & Engineering
- California Environmental Quality Act/National Environmental Policy Act
- Civil Surveying
- Commissioning
- Division of the State Architect Inspector of Record
- Estimating
- Facility Move Management
- Furniture, Fixtures, & Equipment (FF&E) Design, Procurement & Installation Coordination
- Geotechnical
- Hazardous Material Assessment
- Landscape Architecture
- Mechanical, Electrical, and Plumbing Engineering
- Special Inspection & Material Testing

As consulting firms are needed, Requests for Task Order Proposals are issued to the firms of each applicable shortlist. If selected, a Master Services Agreement with the chosen firm is executed, and the Task Order awarded.

ANALYSIS

Requests for Task Order Proposals are issued to all prequalified professional services consultants within the related pool. Unlike construction contracts, which are awarded by low bid, professional consulting contracts are awarded based on best value.

Each proposal is assessed by a committee comprised of representatives from the Facilities Department, campus staff, program management team, and other District stakeholders as appropriate. A qualitative evaluation based on weighted criteria (including fee, technical approach, project experience, key personnel, and delivery schedule) is performed to determine which firm's proposal provides SBCCD with the best value for the Task Order.

Additionally, individual Professional Services Agreements are issued on an as-needed basis.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution
3. Be a Leader and Partner in Addressing Regional Issues
4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

The costs will be included in the Bond Construction budget.

RECOMMENDATION

It is recommended that the Board of Trustees award **Bid #03-2526-01 | Crafton Hills College, Building 18 North Complex Interior Renovation**, and contract, to Cubic Engineering, of Costa Mesa, CA in the amount of \$391,000.

OVERVIEW

This project provides interior renovation services for Building 18 at Crafton Hills College. The work includes converting former science lab classrooms, an instructor office, and a prep room into Licensed Vocational Nursing (LVN) classrooms, a skills simulation lab, and staff work areas. The renovation updates the space to support the new layout and functions required for the LVN program.

ANALYSIS

A Notice Inviting Bids was publicly advertised through PlanetBids on October 27, 2025, and four bids were received on December 01, 2025. The lowest three responsive bids are below.

Vendor	Total Bid
Cubic Engineering of Costa Mesa, CA	\$ 391,000.00

RECOMMENDATION

This item is for information only and no action is required.

OVERVIEW

While year-to-date revenue and/or expenditure percentages often vary from the percentage of fiscal year elapsed, all funds are expected to remain within the 2025-26 budget unless otherwise noted here. For explanations of any significant variances in year-to-date revenues/expenditures from fiscal year elapsed, please see the attached summary.

ANALYSIS

The attached Revenue and Expenditure Summary reflects activity for the 2025-26 fiscal year through December 8, 2025. As of that date, SBCCD was 44.1% through the fiscal year and had spent and/or encumbered approximately 46.4% of its unrestricted general fund budget.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

This analysis is an important tool for the Board of Trustees to track SBCCD revenue and expenditures across all funds.

RECOMMENDATION

This item is for information only. No action is necessary.

OVERVIEW

In accordance with SBCCD Board Policy 6100, Delegation of Authority, The Board of Trustees delegates authority to the Chancellor to supervise the general business procedures of the District to assure the proper administration of property and contracts.

In line with Public Contract Code Section 17605 and Section 22034(c), the Board of Trustees delegates purchasing and contracting authority to the named agents on the authorized signature list. These designated District Officers have authority to approve purchase requests; award, sign, and execute contracts; and authorize payment under the formal bid limits set by Public Contract Code. Such purchase and/or expense contract requests below this limit, including income contracts, shall not require Board approval, but shall be sent to the Board as an information item every 60 days.

ANALYSIS

The California Board of Governors sets the formal bid limit for procurement of goods and/or services on an annual basis. The formal bid limit for the current calendar year has been set at \$114,800. Construction services are not included in this board item.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

The attached purchase and/or contract requests have been budgeted for via purchase orders.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees

FROM: Dr. Diana Z. Rodriguez, Chancellor

REVIEWED BY: Jose F. Torres, Executive Vice Chancellor

PREPARED BY: Steven J. Sutorus, Executive Director of Business & Fiscal Services

DATE: January 22, 2026

SUBJECT: General Fund Cash Flow Analysis

RECOMMENDATION

This item is for information only and no action is required.

OVERVIEW

The District's budget is a financial plan based on estimated revenues and expenditures for the fiscal year, which runs from July 1 through June 30. Cash refers to what is actually in the District's treasury on a day-to-day and month-to-month basis. District cash balances are reviewed regularly and monitoring the amount of cash available to meet financial obligations is a core responsibility of the Fiscal Services Department. Fiscal year forecasts are updated monthly using the most current actual revenue and expense data and any new guidance from the State. Attached is the restricted and unrestricted General Fund monthly cash flow analysis.

ANALYSIS

As noted in the forecast, cash balances fluctuate throughout the year based on the amount and timing of actual and estimated revenues and expenses. The current cash estimate as of June 30, 2026, decreased by \$673,457 to \$65,230,695 from the previous estimate of \$65,904,151. The cash balance remained relatively consistent with the previously projected amount with a small decrease caused by normal cash fluctuations.

SBCCD GOALS

4. Ensure Fiscal Accountability/Sustainability

FINANCIAL IMPLICATIONS

This analysis is an important part of ensuring sufficient cash is available to meet District needs.

MEMORANDUM OF UNDERSTANDING
By and Between
SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
And
CALIFORNIA SCHOOL EMPLOYEES ASSOCIATION and its
SAN BERNARDINO COMMUNITY COLLEGE DISTRICT CHAPTER #291

December 9, 2025

Terms and Conditions: This Memorandum of Understanding is entered into by and between the San Bernardino Community College District (hereinafter, "District") and the California School Employees Association, and its Chapter #291, (hereinafter "Association"), collectively referred to as "the Parties".

The District is reorganizing the KVCR Department at KVCR, District. Accordingly, both Parties agree to, as part of the reorganization, the following effects:

I. Francisco Blanquet

1. Effective January 1, 2026, Francisco Blanquet, Producer/Director, TV, Range 50 Step H, 8 hours/260-day work year in the KVCR Department at KVCR, District, will be reorganized into the classification of Manager, Production Range 14 Step D, 8 hours/260-day work year. The salary range and step referenced in this MOU have been predetermined by the CSEA Collective Bargaining Agreement.
2. The work performed by the Producer/Director, TV classification will stay within the unit. Additionally, the District will recruit for the vacant Producer/Director, TV position by following the process outlined in Article 15: Vacancies, Transfers, Voluntary Demotions, In-House or Promotional Only Recruitments of the CSEA Collective Bargaining Agreement.
3. The Parties agree that in accordance with Article 7: Pay and Allowance, specifically subsection 7.12: Working Out-of-Class, Francisco performed work out of their classification for five (5) or more working days within a fifteen (15) calendar day period; therefore, Francisco shall be compensated at Range 14, Step D effective July 1, 2025, through December 31, 2025, as Manager, Production.

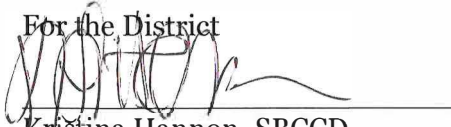

II. Richard Dulock

1. Effective January 1, 2026, Richard Dulock, Program/Content Coordinator, KVCR, Range 48 Step G, 8 hours/260-day work year in the KVCR Department at KVCR, District, will be reorganized into the classification of Manager, Production Range 14 Step A, 8 hours/260-day work year. The salary range and step referenced in this MOU have been predetermined by the CSEA Collective Bargaining Agreement.
2. The work performed by the Program/Content Coordinator, KVCR classification will stay within the unit. Additionally, the District will recruit for the vacant Program/Content Coordinator, KVCR position by following the process outlined in Article 15: Vacancies, Transfers, Voluntary Demotions, In-house or Promotional Only Recruitments of the CSEA Collective Bargaining Agreement.
3. The Parties agree that in accordance with Article 7: Pay and Allowance, specifically subsection 7.12: Working Out-of-Class, Richard performed work out of their classification for five (5) or more working days within a fifteen (15) calendar day period; therefore, Richard shall be compensated at Range 14, Step A effective July 1, 2025, through December 31, 2025, as Manager, Production.

It is further understood that this agreement is unique and shall not set precedence for further requests or situations and shall in no way be constructed as a waiver, expressed or implied, of the Association's rights to negotiate on any and all matters within the scope of representation set forth in the Educational Employment Relations Act.

This agreement is subject to all approvals required by the CSEA 610 policy and the District.

PREPARED BY: Kristina Hannon, Vice Chancellor, Human Resources, Payroll, Police Services, and Health and Safety Administration

DATE: January 22, 2026

SUBJECT: Professional Expert, Short-Term, and Substitute Employees

RECOMMENDATION

This item is for information only.

OVERVIEW

Per SBCCD Administrative Procedure 7110, in the case of short-term hourly/substitute and student employees, the Board has delegated the Chancellor or his/her designee as the authorizing agent for hire.

California Education Code section 88003 outlines the criterion for hiring an employee on a temporary basis. The length of temporary employment is less than 75% of the college year, which amounts to 195 working days. Types of temporary employment include:

- › Professional Expert: Districts can go outside the classified service when the scope of work is discrete, temporary, and requires expertise not available within the classified service. Requesting departments certify these by defining the project and identifying an end date for the project. Continued employment is contingent on continued demand and/or funding.
- › Short-Term: Districts can use short-term employees on a temporary basis to perform a service upon completion of which, the service, or similar services, will not be extended or needed on a continuous basis.
- › Substitute: Districts can employ substitute employees to fill in for a classified employee that is temporarily absent from duty, or if the district is recruiting to hire a vacant position.

ANALYSIS

The attached list of Professional Expert, Short-Term, and Substitute Employees is certified to be in accordance with California Education Code section 88003.

SBCCD GOALS

1. Eliminate Barriers to Student Access and Success
2. Be a Diverse, Equitable, Inclusive, and Anti-Racist Institution

FINANCIAL IMPLICATIONS

The cost of employment for these employees is included in the appropriate 2025-2026 budgets.

Crafton Hills College Celebrates the Holiday Season with Campus and Community Events

Crafton Hills College kept a full calendar throughout the month of December as the campus prepared for the end of the semester and the close of the year.

The season began with hot chocolate and pastries on Dec. 3 for all faculty and staff at the Learning Resource Center. The event was organized by the Professional Development Committee to provide a welcoming space for colleagues to connect during this busy time.

On Dec. 11, Crafton hosted a campuswide holiday luncheon for all employees, featuring fresh tacos, a festive ugly sweater contest, and a variety of games and drawings that brought everyone together.

Crafton also engaged with the local community by participating in both the Redlands and Yucaipa holiday parades. Faculty, staff, and students marched down the parade routes, followed by a decorated fire engine. With pom-poms, candy, Santa hats, and light-up necklaces, participants helped spread holiday cheer.

The CHC Fire Cadets are always a crowd favorite as they stop along the route to do push-ups, sparking cheers from parade-goers. This year's Redlands parade was especially memorable with the CHC Women's Championship Water Polo team, which drew the loudest applause as members marched with their medals proudly displayed around their necks.

Crafton was also honored to have SBCCD trustees join the parades this year. Dr. Stephanie Houston and her grandchildren attended both parades, while board chair Dr. Nathan Gonzales joined in Redlands and

Trustee Carlos Aguilar, along with his wife and daughter, participated in the Yucaipa parade.

In addition to campus celebrations, there were opportunities for employees and students to serve one another. Throughout the month, the Psychology Club organized its annual toy drive to support EOPS families, collecting new, unwrapped toys for children ages 6 months to 14 years. All donated gifts were made available to parents during the EOPS holiday celebration on Dec. 19.

Basic Needs Center Supports Students Ahead of the Holidays

The Basic Needs Center at Crafton Hills College stepped up in a big way to ensure students had the support they needed heading into the holiday season.

In the days leading up to fall break, the center hosted its annual turkey distribution, providing holiday food bags complete with a turkey, sides and dessert. Beginning at 9 a.m. Nov. 18, students were able to reserve a bag on a first-come, first-served basis.

These holiday bags replaced the weekly Grab & Go Groceries distribution, allowing the COACH Cupboard to offer something extra special for the season.

The Basic Needs Center ensures students' foundational needs are met so they can focus on succeeding academically and personally.

Redlands Professional Firefighters Establish Endowed Scholarship at Crafton Hills College Fire Academy

This gift establishes the Redlands Professional Firefighters Association Endowed Scholarship, which will provide a \$500 annual scholarship each fall beginning in 2026 to a student enrolled in the CHC Fire Academy.

Whitaker, a proud graduate of CHC Fire Academy Class 57, an associate degree recipient from CHC and a graduate of its paramedic program, shared the personal importance of giving back.

"This college gave me the foundation for my entire career. Crafton shaped who I am as a firefighter and as a person. I love this college, and it means everything to me to be able to support the next generation of cadets who are working toward the same dream."

Harold emphasized the endowment's long-term impact.

"This scholarship will support our cadets in perpetuity, ensuring that future generations of firefighters have access to the training and resources they need to succeed. We are deeply grateful for this partnership with the Redlands Professional Firefighters Association and their incredible commitment to our students."

Photo: Check Presentation

On Dec. 2, Crafton Hills College (CHC) celebrated a moment of partnership and generosity during a check presentation at the CHC Fire Academy. The Redlands Professional Firefighters Association presented a \$12,500 endowed gift to the CHC Foundation to establish a permanent scholarship fund for Fire Academy cadets.

Representing the association at the presentation were Matt Swenson, Captain for Redlands Fire and President of the Redlands Professional Firefighters Association and Dustin Whitaker, Fire Captain for the Redlands Fire

Department and President of the Benevolent Fund. The check was presented to CHC Fire Chief Ryan Harold and CHC Operations Specialist Danny Ward.

The Redlands Professional Firefighters Association consists of 54 sworn firefighters dedicated to serving the Redlands community with professionalism, courage and compassion. Their one-time, permanent and irrevocable gift will remain with the foundation in perpetuity. The endowment will be invested, and only the earnings will be used to fund scholarships.

Student-led projects bring 'main character energy' to annual CHC Student Research Conference

Crafton Hills College's annual Student Research Conference on Dec. 5 brought months of hard work to life when

students presented their research projects to their peers and site faculty and staff.

The various projects discussed are part of College Honors Institute (CHI) course curriculum requirements.

They included Dr. T.L. Brink and Dr. Danae Hart's poster presentation on "Microaggression and Age of Perpetrator," which discussed differences between a microaggression committed by a 65-year-old professor compared to a 25-year-old educator, and a look at a lack of representation in movies of positive South Asian storytelling.

"It's inspiring to see what our students are capable of," said Honors Institute Coordinator Judy Cannon. "I find that students will take the projects they started at Crafton and continue to develop them when they transfer to a four-year college or their graduate programs."

Each Honors student was paired with a mentor to help with research and findings. Many were from the Roadrunner family, while support networks came from nearby universities, including Cal State San Bernardino and UC Riverside.

Crafton Volunteers Shine Through the Storm at Fall Food Drive

On November 15, fifty dedicated employees and students from Crafton Hills College braved one of the rainiest days of the year to make a meaningful impact in their community. Meteorologists described the relentless downpour as an atmospheric river, but the storm did nothing to dampen the volunteers'

enthusiasm or shared sense of purpose. In partnership with The Church of Jesus Christ of Latter-day Saints, the Family Service Association (FSA) of Redlands hosted its annual Fall Food Drive—a family-friendly day of service supporting the local Food Pantry. Alongside other

community volunteers, Crafton's team helped sort an impressive 19,000 pounds of donated food.

Throughout the day, the group organized thousands of items, working shoulder-to-shoulder under tents and easy-ups as the rain poured around them. Box after box was moved with care and determination, all with the understanding that their efforts would help feed families across the region this holiday season and throughout the year.

This annual event plays a crucial role in supporting FSA for the coming year, ensuring that every donation goes directly back into the community and into the hands of those who need it most. Despite the storm, the spirit of service burned bright, proving once again that when Crafton Hills College comes together, not even an atmospheric river can wash away their commitment to helping others.

Native American Heritage Month at Crafton Hills College

CHC celebrated Native American Heritage Month with a meaningful series of events designed to help students connect with Native culture and history. The month began with a virtual opening ceremony on Nov. 6, where storyteller

Jacque Nuñez shared captivating tales, taught basic Native language, and showcased traditional instruments. On Nov. 7, students had the opportunity to visit the Malki Museum in Banning, exploring California's first Native American museum.

The celebration continued on Nov. 12 with a virtual poetry reading by MariQue Moss, highlighting the power of Indigenous storytelling.

The final event in the series was held at the Multicultural Center on Nov. 18 with a hands-on workshop featuring frybread history and Navajo basket painting.

In addition to these activities, Crafton Hills College also hosted the Yuhaaviatam of San Manuel Nation's annual Wa'at Celebration, an educational event honoring Southern California Native American culture. Each year, local elementary school students visit campus to participate in interactive workshops led by San Manuel educators. Through lessons in basketry, cordage, language, and music, students gain a deeper appreciation for Native traditions. This year's Wa'at Celebration was held Nov. 12 and 13, with workshops hosted across campus.

Fall 2025 Student Art Exhibit Celebrates Student Achievement

In both fall and spring semesters, our Crafton Hills Student Art Exhibit showcases student artwork from each studio class. Pieces created in sculpture,

two-dimensional design, three-dimensional design, painting, life drawing, and drawing classes are on display highlighting the technical and conceptual skills the students developed throughout the semester. The fall 2025 exhibition culminated in a reception for the student artists on Dec 10 in the Art Gallery located in the Learning Resource Center. The artists invited their family and friends to join and celebrate their work.

Student prizes for first, second, and honorable mentions in the categories of two- and three-dimensional disciplines

were awarded. In Painting and Drawing, Nathan Raley received first place and Caitlin Studer received second place. In Sculpture and Design, Lily A. Lancaster earned first place, followed by Allyson G. Orr in second place.

Prize funding for the student awards was provided by the Crafton Hills College Foundation, which supports student success and recognition across campus programs.

Two-day festival recognizes Crafton Hills College arts community

In the months since Crafton Hills College opened its new Finkelstein Performing Arts Center, the building has hosted graduates, musicians, and much more. But a two-day arts festival on Dec. 5 and 6, focused exclusively on the Yucaipa-based college's arts community during a special housewarming celebration.

Hot coco and cider, music by the Crafton Jazz Band, and performances of John Cariani's *Almost, Maine* were event highlights for attending friends, family, and theatre supporters.

"This is the beginning of Crafton reestablishing its performing arts community," said Anna McNaughton, director of *Almost, Maine* and a theatre arts adjunct professor. "The idea of creating it as a 'housewarming' and inviting everyone on campus is because this 'house' belongs to everyone.

"The hope is that poets will bring their poetry here and artists will bring their art here, and it will be a place of community

and creativity and collaboration and celebration for all the voices of our entire community," she continued.

The new performance center was years in the making, officially opening its doors in September. The state-of-the-art facility replaces the college's old gymnasium complex and now serves as a hub for music, theater and dance programming, all under one roof.

With a mission to foster creativity and community engagement, the PAC is host to a new performing arts stage, multiple practice rooms, and additional space to display artwork of various mediums.

CSUSB Day Brings Transfer Opportunities to Crafton

The University Transfer Center hosted CSUSB Day and Instant Admit Day, offering students an opportunity to explore their futures with California State University, San Bernardino. CSUSB faculty,

admissions staff and program representatives met with students to discuss program information as well as essential support services such as honors, financial aid, housing and veteran services.

"We are also pleased to share that CSUSB reported approximately 580 student contacts throughout the event. While this number does not represent individual students — as most students visited at least three tables — it reflects strong engagement and meaningful interaction with CSUSB programs," said Mariana Macamay, Transfer Center coordinator.

During Instant Admit Day, many Crafton students took the opportunity to have their transcripts reviewed on the spot for fall 2026 admission. Those who qualified were awarded a Coyote Pass, guaranteeing their seat at CSUSB. 88 students were offered on-the-spot admission for fall 2026 which means they have met or will meet the transfer requirements to start as Juniors at CSUSB.

Both events were part of our Coyotes on the Horizon MOU partnership to streamline and increase transfer with CSUSB.

SBCCD Secures New \$850,000 Employment Training Panel Contract

SBCCD has been awarded a new State of California Employment Training Panel (ETP) Multiple Employer Contract, valued at \$850,000. On December 12, 2025, SBCCD Economic Development and Corporate Training (EDCT) staff Jon Fox and Manuel Elias presented SBCCD's request in Sacramento and received approval from the ETP Panel. This contract expands SBCCD's capacity to deliver employer-driven upskilling that supports job retention, skill attainment, and wage progression for working adults, including many non-traditional learners who may not otherwise engage with the college.

Why This Matters

ETP training translates directly into improved lives and careers for participants. It helps working adults build in-demand skills and advance into higher responsibility roles. It also strengthens long-term employability as workplace expectations evolve, especially with the growing adoption of AI and automation.

Alignment to SBCCD Priorities and Statewide Workforce Goals

This contract reflects SBCCD's commitment to improving lives and careers through accessible, high-quality training. It advances that commitment through flexible delivery options and strong collaboration between the state, SBCCD, and employer partners. Training is designed around real workforce needs, with measurable outcomes for both employees and employers. It also aligns with California's Master Plan for Career Education by supporting high-impact, mid-career upskilling that helps workers remain competitive and businesses remain resilient.

Track Record of Contract Success

This award represents SBCCD's twelfth ETP contract overall. In recent contracts, SBCCD has consistently delivered at 100% utilization, demonstrating strong employer engagement, effective training delivery, and disciplined contract management.

Delivery Model and High-Demand Focus

Training will be delivered at SBCCD's Del Rosa Campus, at employer worksites, and through live virtual sessions to reduce barriers for working adults. The contract will prioritize high-demand training, including applied AI and workplace automation, frontline leadership, safety, continuous improvement, and technical upskilling.

Building Pathways to Success: The Power of Partnership in EDCT's MC3 Program

At the heart of EDCT's MC3 program lies a network of dedicated partners whose collaboration transforms lives and opens doors to meaningful careers. Each organization brings unique strengths, creating a comprehensive support system that empowers students to succeed both in the classroom and beyond.

The Anti-Recidivism Coalition (ARC) stands as a cornerstone of this effort, offering life coaching, mentorship, and essential foundational skills to justice-impacted participants. Their guidance elevates the entire program experience, ensuring students thrive personally and professionally. ARC's commitment helps participants build confidence and resilience, setting the stage for long-term success.

The Foundation for California Community Colleges plays a critical role by funding classroom labs, removing barriers to hands-on learning. This generous support allows students to gain practical experience, making their training more robust and relevant to real-world demands.

Similarly, the Riverside County Workforce Development Department has been instrumental in expanding access. By supporting classroom and lab instruction and providing transportation assistance, they enabled EDCT to launch additional cohorts—serving 34 more students and broadening the program's reach.

Authentic exposure to apprenticeship careers comes through the Joint Apprenticeship Training Centers, which open their doors to MC3 cohorts. These immersive experiences inspire confidence and help students envision their future pathways. Their classroom visits and shared expertise leave a lasting impact, bridging the gap between training and career. (Continued...)

Building Pathways to Success: The Power of Partnership in EDCT's MC3 Program

(Continued from previous page)

The Inland Empire Building Trades Council, led by Executive Director Albert Duarte, has been a steadfast advocate since the program's inception. Their leadership in securing project labor agreements ensures graduates have clear pathways into registered apprenticeships, expanding career opportunities and strengthening the program's overall impact.

Finally, the Metropolitan Water District further accelerates success by creating apprenticeship opportunities for graduates, enabling a seamless transition from training to career. This partnership underscores the program's commitment to workforce development and economic mobility.

Together, these partnerships form the backbone of EDCT's MC3 program. Their collective efforts remove barriers, provide critical resources, and create clear pathways to success—empowering students to build brighter futures and stronger communities.

KVCR And The Community

Civic Advisory Reconvening

On November 12, KVCR welcomed Pacific High School to the studio for their Civic Advisory Reconvening: From Research to Action. The event brought together students, educators, and community members to engage in meaningful discussions addressing one of our region's most pressing challenges—the high rate of foster youth and students with special needs who experience homelessness after exiting the K–12 system. This collaboration reflects KVCR's ongoing commitment to supporting education and community-based solutions.

The Campaign for College Opportunity

On November 13, KVCR hosted the Fall Inland Empire Higher Education Hub, featuring an exclusive look at The Campaign for College Opportunity's new equity-focused Higher Education Blueprint. The event also created valuable opportunities for networking and partnership building.

KVCR 3rd Annual Operation Gobble

On November 22, KVCR proudly hosted its 3rd Annual Operation Gobble Community Thanksgiving Meal Bag Giveaway. With the support of our partners—Community Action Partnership, Penske, San Bernardino Valley College, and Amazon. There were 500 turkeys and complete meal kits distributed to local families. Each bag included traditional Thanksgiving items such as stuffing, potatoes, gravy, green beans, and corn. The event was a wonderful success, reflecting KVCR's ongoing commitment to supporting families in need and strengthening our community during the holidays.

KVCR 91.9 FM Covering the Important Topics for our Region

KVCR Radio hosted educator & author, Dr. Craig Luke and a group of his students for a podcast recording in the Production Studio. Dr. Luke and nine students participated in a discussion on essay writing and the themes of inspiration and direction highlighted in his recently published book, *Education: Control, Alt, Delete*. The book provides a practical system for academic writing, particularly for students who are struggling in a subject.

Following the government's reopening, the FCC website became accessible again, enabling KVCR to submit our 3rd Quarter Issues and Programs report, which had been due in early October.

KVC Arts program, will feature an interview with Thomas Gardner—also known as Tommy Buoy—the guitarist for Yachtley Crew. The conversation will highlight the band's upcoming regional performances and their new album, *Seize the Night*.

The City of Redlands hosted a pumpkin-smashing event to educate residents on proper disposal of old pumpkins. Participants dropped pumpkins from the top of a two-story parking structure as part of a demonstration highlighting the importance of keeping organic waste out of regular refuse bins. According to Redlands Recycling Coordinator, pumpkins should be composted rather than thrown away, as compost returns valuable nutrients to the soil for gardening and other uses.

PRESIDENT'S BOARD OF TRUSTEES REPORT

The President's Monthly Report to the Board of Trustees, Campus, and Community

SBVC Designated a Black-Serving Institution

The BSI Task Force with Dr. Contreras: (back row) James Griffin, Yvonne Gutierrez-Sandoval, Gabriel Martinez, Ayanna Spivey, Keynasia Buffong, Amanda Moody, Keenan Giles, Dr. Anthony Blacksher, Maria Notarangelo, Leticia Hector, (front row) Christian Sarfo-Poku, Aida Gil, Carmen Rodriguez, April Dale, Lorrie Burnham, and Veada Benjamin. Not pictured: Dr. Stephanie Lewis, Kimberly Jefferson, Dr. Daniele Smith-Morton, Dr. Kirk Rogers, Brianna Cunningham, Davena Burns-Peters, Garry Parker, Nia Bowens-Mcleod, and Ernest Guillen.

San Bernardino Valley College was officially designated in December as a Black-Serving Institution (BSI) by the Black-Serving Institution Governing Board, a national advisory body whose work is administered through the CSU Statewide Central Office for the Advancement of Black Student Success.

The milestone recognizes SBVC's longstanding commitment to advancing Black student success, equity, and belonging. Dr. BJ Snowden, interim executive director of the central office, conveyed the board's decision in a letter to SBVC President Dr. Gilbert J. Contreras and praised SBVC's leadership and contributions to statewide equity efforts. "Your institution's work has helped to shape a more just and responsive educational landscape for Black students across California, and we are deeply appreciative of your ongoing efforts," he said.

The BSI designation is a newly developed recognition in California that identifies colleges that enroll a significant proportion of Black students and demonstrate intentional, measurable commitment to their success. SBVC is among the first institutions in California to receive this designation, which was made possible through the work of the Black-Serving Institution Task Force, whose members led research, planning, student engagement, and equity-centered strategies throughout the process.

Dr. Contreras shared the announcement with the campus December 8. "Outstanding news! We earned our official designation as a BSI," he wrote. "This reflects the dedicated and heartfelt work of our entire college. I am proud of our collective effort and grateful to everyone who contributed to this achievement."

SBVC 'All Aboard' the Polar Valley Express for WinterFest

Families enjoyed throwing snowballs and sledding down a hill, visiting with Santa and Mrs. Claus, and riding a trackless train during SBVC's annual WinterFest on December 3.

This year's theme was "All Aboard the Polar Valley Express," and real snow was brought in to make the community event feel even more magical.

President Dr. Gilbert J. Contreras extended season's greetings to attendees on behalf of college leadership, and shared that it's "great to see children having fun on our campus."

Two features made their WinterFest debut this year: Los Posadas, a small Mexican village with champurrado and a mini pinata craft, and Club Wolverine in the student lounge.

SBVC Athletics Makes History with Unprecedented Postseason Play

In 100 years of offering athletics at San Bernardino Valley College, the school had never seen a day like November 22, 2025.

For the first time in program history, all six of SBVC's fall sports teams were competing in postseason play on the same day—a remarkable testament to the depth, consistency, and competitive strength of Valley athletics.

From cross country to soccer, football, and volleyball, SBVC teams were in action across the state, representing the college on some of the biggest stages in California community college sports. The men's and women's cross country programs capped championship seasons at the 3C2A State Championships, while both soccer teams advanced to the second round of regional playoffs. Football made its long-awaited return to bowl competition for the first time since 2019, and women's volleyball delivered a dramatic postseason run that included a hard-fought advancement and a strong showing against a top-seeded opponent.

Taken together, November 22 wasn't just a busy day—it was a historic one. It marked a powerful moment of alignment for SBVC Athletics, reflecting the dedication of student-athletes, coaches, and staff, and underscoring the Wolverines' place as a rising force across multiple sports.

SBVC Celebrates ESL Certificate Recipients

More than a dozen San Bernardino Valley College students who received non-credit English as a Second Language (ESL) integrated skills certificates were honored during a celebration held on December 10.

"It was great to see so many people come to the event to support the students, and the students were very excited to get their certificates," said Dr. Dirkson Lee, one of the organizers. "Their families were very supportive as well."

This was the first time SBVC held an event to celebrate students receiving these certificates, and Lee hopes it will become an annual tradition. SBVC leadership, faculty, and staff participated in the festivities, which included an ESL student testimonial video, a presentation from Lee on the history of the ESL program, a congratulatory speech delivered by SBVC President Dr. Gilbert J. Contreras, and food from Vallarta supermarket.

To qualify for the certificate, students complete three classes in the ESL non-credit track. From there, they can go into the credit track and English-language classes, which "encourages them to continue in their educational goals and plans," Lee said.

Accessibility is one of the non-credit program's goals, he added, unlocking more educational and career opportunities, and one student has already moved on to California State University, San Bernardino.

SBVC Faculty and Staff Celebrate the Season at Annual President's Holiday Gathering

San Bernardino Valley College faculty and staff came together for the President's Holiday Gathering on December 5, enjoying a buffet catered by students in the Culinary Arts program, music by the SBVC Jazz Band, a coffee bar, and a visit from Santa Claus. Every attendee also received a blue centennial scarf as a present.

"This has been a very special year because of each and every one of you coming together to define a student experience for this college," SBVC President Dr. Gilbert J. Contreras told the crowd. "That doesn't happen without each and every one of you pulling together to Valley Up."

The event gave faculty and staff the chance to reflect on the year, as they watched a 2025 highlight video and were asked to think of something good that happened during the fall semester. Participants praised the return of the football team, expansion of aeronautics, and an Admissions and Records open house.

A raffle was held for holiday baskets donated by different departments, with all ticket sales going to support student textbook scholarships for Fall 2026. Contreras and other SBVC leaders also announced the winners of the office decorating contest. Facilities took home first place and won a lunch with the president, while Adult Education earned second place and Student Accessibility Services came in third.

Santa made his entrance toward the end of the gathering, declaring upon his arrival that he was "an alumnus of North Pole Community College."

SBVC President Contreras Delivers \$1,000 Prize to Cajon HS

San Bernardino Valley College President Dr. Gilbert J. Contreras received a warm welcome when he arrived at Cajon High School on December 11 to award the Associated Student Body with \$1,000 from the SBVC Foundation.

He was greeted by an SBVC centennial sign on the door and excited ASB members, who would spend part of the day with him. Cajon earned the \$1,000 prize for having the highest registered attendance at SBVC's Homecoming football game in November. Middle College High School also received \$1,000 for high attendance.

Contreras visited Audrey Reisenhofer's ASB class and played SBVC trivia with students. Principal Dr. Christopher Jackson, an SBVC alumnus, thanked Contreras and the foundation for the award, and spoke about the importance of students pursuing opportunities at the community college level and the ASB's dedication.

N.A. Richardson

CENTENNIAL SPOTLIGHT N.A. Richardson

Noble Asa (N.A.) Richardson was the earliest champion of San Bernardino Valley Union Junior College, now known as San Bernardino Valley College. He believed in the power of learning, and served as one of the college's founders and first chairman of the board.

Richardson moved to San Bernardino from Kansas in the early 1880s to become a teacher. This was the start of his 50 years in education, which included stints as a principal and superintendent of schools. He was instrumental in shaping San Bernardino Valley Union Junior College during its early days, and his love of astronomy inspired him to add the department in 1931.

On May 20, 1931, Richardson died suddenly of a massive heart attack, stunning the campus community. Because of his dedication to the college, Richardson's funeral was held in the gym and classes were canceled, giving students and faculty the chance to pay their respects. He "devoted his life" to education, President J.B. Griffing said, and the successful college was the "result of his ideals and his untiring energy."

Richardson's legacy lives on nearly 100 years after his death. The oldest building on campus, the observatory, is named in his honor. Built in 1931, it opened with a 16-inch Newtonian telescope — the largest on any U.S. college campus at the time.
