2025 Board Legislative Committee Charge

What is it?

The SBCCD Board of Trustees Legislative Committee exists as a standing, advisory committee comprised of less than a quorum of Board members and is subject to the California Public Meetings Brown Act. The committee is charged with:

Increasing the efficiency of the Board of Trustees by performing time-sensitive legislative research on its behalf.

Improving clarity by providing a platform for detailed questions not conducive to the flow of monthly business meetings.

Promoting transparency of SBCCD's legislative advocacy priorities through discussions in an open forum.

Fostering an environment of understanding by communicating findings and formulating recommendations to the full Board of Trustees.

DRAFT

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees

FROM: Dr. Diana Z. Rodriguez, Chancellor

REVIEWED BY: Dr. Diana Z. Rodriguez, Chancellor

PREPARED BY: Angel Rodriguez, Associate Vice Chancellor of Government Relations & Strategic Communications

DATE: December 13, 2024

SUBJECT: SBCCD’s 2025 Legislative and Budget Priorities for Workforce Development and Community Prosperity

RECOMMENDATION

It is recommended that the Board of Trustees approve SBCCD’s 2025 Legislative and Budget Priorities for Workforce Development and Community Prosperity.

OVERVIEW

The 2025 legislative advocacy priorities, as presented, advance SBCCD’s four districtwide goals and mission to, “Positively impact the lives and careers of our students, the well-being of their families, and the prosperity of our community through excellence in educational and training opportunities.” These priorities uphold the board’s legislative principles as follows:

- Eliminating barriers to student access and success.
- Increasing public investment in community college students.
- Improving college affordability and basic needs support.
- Supporting local decision-making.
- Strengthening state and federal partnerships.
- Promoting civic engagement.

ANALYSIS

Approval of SBCCD’s 2025 Legislative and Budget Priorities for Workforce Development and Community Prosperity will guide the Board Legislative Committee and SBCCD Chancellor’s Office in engaging with government officials and diverse stakeholders to promote public policy solutions that support student achievement and economic mobility in the Inland Empire. Upon board adoption, this public policy platform will be presented to local, state, and federal policymakers during the 2025-26 legislative and budget-building cycle.

BOARD GOAL

- Goal 1: Eliminate Barriers to Student Access and Success
- Goal 2: Be a diverse, equitable, inclusive and anti-racist institution
- Goal 3: Be a leader and partner in addressing regional issues
- Goal 4: Ensure fiscal accountability and sustainability.

FINANCIAL IMPLICATIONS

None.

DRAFT

**San Bernardino Community College District
2025 Legislative and Budget Priorities
for Workforce Development and Community Prosperity**

Overview: The legislative and budget priorities outlined below advance SBCCD’s four districtwide goals and mission to “Positively impact the lives and careers of our students, the well-being of their families, and the prosperity of our community through excellence in educational and training opportunities.” SBCCD shall refer to these advocacy priorities when engaging with policymakers and key stakeholders during the 2025-26 legislative and budget-building cycle.

Let’s Make College & Career Education More Affordable

- **Streamline Student Access to Essential Resources for College Affordability and Career Success:** SBCCD supports policies and cross-sector collaboration to build stronger referral systems that connect eligible students with essential resources, including but not limited to financial aid for college, housing, CalFresh, Medi-Cal, and Covered California. Expanding access to these critical local and state resources reduces the overall cost of attending community college, easing financial strain on students pursuing degrees and career certificates. Streamlining these systems is a practical investment in the Inland Empire’s economic future, creating pathways for students—especially those balancing work, family, and education—to gain valuable skills and improve their career success. This approach strengthens our workforce, promotes self-sufficiency, and contributes to a resilient, thriving economy.
- **Expand State Financial Aid to Strengthen the Talent Pipeline:** A strong economy depends on a skilled workforce. Expanding and simplifying California’s financial aid eligibility will enable more Inland Empire residents to access community college and career training, directly supporting workforce readiness and economic growth. SBCCD supports funding and implementing the Cal Grant Equity Framework and other state initiatives to broaden financial aid eligibility for recent high school graduates and adult learners, making career-focused education more affordable. This approach is essential to meeting employer demands for skilled workers, advancing economic opportunity in underserved regions, and reinforcing our regional and state’s position as a competitive, innovative economy.

DRAFT**Invest in Simplifying FAFSA and Expanding Pell Grants for a Skilled Workforce:**

SBCCD supports federal policies that simplify financial aid access by reducing unnecessary complexity in the Free Application for Federal Student Aid (FAFSA). Streamlining FAFSA will ensure all eligible students—including those from low- and middle-income families, regardless of their parents' background—can access financial aid, making community college and career training more attainable. This approach empowers working adults, returning veterans, and students to strengthen our local economy. Additionally, SBCCD advocates for increased investments in the Pell Grant and supports the passage of the Bipartisan Workforce Pell Act, which aims to expand Pell Grant eligibility to high-quality, short-term workforce programs. This legislation provides more opportunities for individuals to gain skills in high-demand fields, fueling economic growth and workforce readiness.

Promote Affordable Access to Textbooks and Learning Materials:

SBCCD supports policies, funding, and partnerships that make textbooks and learning materials more affordable and accessible for students. By negotiating agreements with textbook companies to lower costs and expanding initiatives like open educational resources (OER), the Zero Textbook Cost initiative, textbook rental programs, and digital access options, we can reduce financial burdens on students. These efforts help ensure students have the tools to succeed in their studies and develop the skills essential for the workforce.

Let's Prepare Students for Good-Paying Careers

- **Support \$10 Million for the San Bernardino Job Growth Corridor to Modernize Job Training Facilities:** SBCCD is seeking \$10 million to create the San Bernardino Job Growth Corridor, a revitalization project to modernize job training facilities located in the neighborhood adjacent to San Bernardino International Airport, the former Norton Air Force Base. Both the Economic Development & Corporate Training Center and the San Bernardino Regional Emergency Training Center are in critical need of life and safety infrastructure improvements and space modernization to support hands-on training for first responders and essential industry jobs. These upgrades will revitalize the community, address regional job training needs, and equip a skilled workforce to drive economic growth.
- **Expand Bachelor's Degrees at Community Colleges for High-Need Careers:** SBCCD supports policies to expand bachelor's degree offerings at community colleges to prepare students for high-demand careers. Crafton Hills College offers a bachelor's in Respiratory Care, and San Bernardino Valley College offers one in Water Resources Management—two fields essential to our region's health and sustainability. Expanding these programs will give more students access to valuable credentials, address regional workforce needs, and strengthen our commitment to collaborative partnerships with four-year universities to support student success.

DRAFT

- **Strengthen Apprenticeships and California’s Career Education Systems:** SBCCD supports the Governor’s goal of creating 500,000 earn-and-learn apprenticeships by 2029 and advocates for funding to strengthen initiatives like the California Apprenticeship Initiative. Apprenticeship opportunities enable students to earn credit toward certificates or degrees through on-the-job training or classroom-based experiential learning—reducing the need to sacrifice income for education. Moreover, SBCCD supports the collaborative approach and core principles of the Master Plan for Career Education, which aims to modernize how education and workforce systems work together, ensuring learners gain skills and qualifications for high-opportunity careers.
- **Enhance Credit for Prior Learning to Support Adult Learners:** SBCCD supports competency-based education and initiatives that allow adult learners to receive college credits based on their relevant work experience, making higher education more accessible and aligned with workforce needs. Additionally, SBCCD advocates ensuring that any “credit for prior learning” recognized by community colleges seamlessly transfers to University of California (UC) and California State University (Cal State) institutions. These efforts support students’ career advancement and educational progress across California’s higher education system.

Let’s Build Affordable Student Housing and Combat Hunger

- **Support Fair Funding for Affordable Student Housing:** SBCCD supports regional collaboration and public-private partnerships to develop affordable housing for community college students facing housing insecurity. We advocate for state funding formulas that ensure equitable access to housing resources across California, particularly for Inland Empire community colleges. Formulas often favor coastal regions due to their higher cost of living, disadvantaging Inland Empire colleges when applying for state housing grants. SBCCD urges adjustments to these formulas to fairly support affordable student housing needs in all regions.
- **Expand CalFresh Access at Community College Cafeterias for a Healthy Future Workforce:** SBCCD supports policy changes that allow community college campuses to accept EBT for a broader range of affordable, healthy food options. Many students work while attending school, balancing multiple responsibilities, and need convenient access to nutritious meals to stay productive. Current restrictions classify campus cafeterias with over 50% prepared foods as restaurants, limiting EBT usage, despite these cafeterias’ focus on accessible and healthy options. SBCCD advocates for granting an exemption for campus settings to ensure students have the resources to focus on their studies, complete their programs, and enter the workforce better prepared. Allowing EBT access in these unique environments is a practical investment in the state’s talent pipeline, improving workforce readiness and reducing barriers to success for students who will contribute to our economic growth.

DRAFT**Let's Open Doors of Opportunity for Everyone**

- Empower All Students to Build Community and Achieve Success:** At SBCCD, we are committed to creating an environment where students, employees, and guests of all backgrounds feel welcomed, respected, and valued. SBCCD supports funding and policies that provide every student with access to higher education, career training, financial aid, support services, and on-campus networks—including learning communities that foster belonging and educational growth. By promoting inclusive educational practices and encouraging social and intellectual exchange among people of diverse cultures, races, genders, ages, religions, political perspectives, sexual orientations, immigration statuses, and abilities, we cultivate a strong, connected community. Together, we empower each member of SBCCD to realize their potential, build meaningful relationships, and prepare for success in the workforce, contributing to the prosperity of our local communities.
- Support Federal Investments in Hispanic-Serving Institutions For a Stronger Local Workforce:** As federally recognized Hispanic-Serving Institutions, Crafton Hills College and San Bernardino Valley College reflect the diversity of the Inland Empire and play a critical role in workforce development. SBCCD supports federal investments in HSIs to expand access to STEM education, apprenticeships, and pathways to four-year universities. These investments prepare the healthcare workers who keep us healthy, the first responders who keep us safe, and the skilled professionals who drive our economy forward.
- Support Funding to Strengthen Equal Employment Opportunity Best Practices:** SBCCD supports ongoing funding to align hiring practices with statewide equal employment opportunity goals, fostering a workplace and learning environment where everyone has the opportunity to succeed and feel they belong. This investment creates spaces where employees and students can thrive and contribute meaningfully to our communities.

Let's Safeguard the Financial Stability of Our Community Colleges

- Ensure Emergency Preparedness and Immediate Relief for Our Community Colleges:** SBCCD supports partnerships and funding at all levels—local, state, federal, and public-private—to quickly address the safety and technology needs of our students, faculty, and staff. In times of crisis, from wildfires and extreme heat to snowstorms and pandemics, rapid access to emergency funds is crucial to keep our colleges operational and able to serve our community. By securing timely resources, we help our colleges not only navigate emergencies but also emerge stronger and ready to support the Inland Empire's recovery and growth.

DRAFT

- **Protect Funding for Community Colleges Under Proposition 98:** Proposition 98, passed in 1988, mandates a minimum state funding level for K-12 schools and California community colleges. We urge policymakers to protect state funding for community colleges. Ensuring community colleges receive their fair share of funding is essential to maintaining educational quality and accessibility.
- **Improve State Funding Model for Part-Time Faculty Health Insurance Program:** SBCCD supports state policy changes aimed at enhancing the funding structure of the Part-Time Faculty Health Insurance Program in California and advocates for a system where the state directly provides the necessary funding to community college districts instead of reimbursing them later. The Part-Time Faculty Health Insurance Program's current reimbursement model heavily burdens districts like SBCCD with substantial upfront costs before receiving state reimbursements. This creates financial uncertainty and makes it challenging for SBCCD to manage other significant financial commitments. To provide health benefits to all part-time faculty members, SBCCD would need an upfront expenditure of \$13.2 million, which exceeds the district's current capacity. Therefore, it is vital that the state adjusts the funding mechanism by providing upfront funding to districts. This change would reduce financial uncertainty and enable SBCCD to enhance the educational experience for all.
- **Provide CalSTRS/CalPERS Relief:** SBCCD supports ongoing funding in non-Proposition 98 resources to "buy down" the employer contribution levels required by colleges/districts. Doing so will free up general fund revenues for other student-centered priorities.
- **Support Ongoing Funding for KVCR TV/FM:** SBCCD owns and operates KVCR, the Inland Empire's NPR and PBS affiliate station, and the headquarters of FNX, the nation's only TV channel devoted to Native American and World Indigenous programming. SBCCD requests ongoing public investment to enhance KVCR TV/FM's ability to provide long-term educational content, local news, and diverse cultural programs to our region and beyond.
- **Support the CCC's 2025-26 Systemwide Budget Request:** SBCCD supports the California Community Colleges' 2025-26 systemwide budget request, which includes \$152.8 million in ongoing and \$213.1 million in one-time resources. This funding will advance Vision 2030 and the Governor's Roadmap for the Future by providing stable base funding, essential support for faculty, and flexible academic and career pathways that equip students to succeed in the workforce
