

RESOLUTION OF THE BOARD OF TRUSTEES OF THE SAN
BERNARDINO COMMUNITY COLLEGE DISTRICT ORDERING
AN ELECTION, AND ESTABLISHING SPECIFICATIONS OF
THE ELECTION ORDER

WHEREAS, the Board of Trustees (the "Board") has determined that certain properties and facilities within the San Bernardino Community College District (the "District"), within San Bernardino County and Riverside County, need to be maintained, acquired, constructed, improved, furnished and equipped to enable each of Crafton Hills College and San Bernardino Valley College to provide affordable, local higher education, to train and retrain local residents for higher-paying and skilled jobs, and to enhance educational opportunities for the students in the District who desire to transfer to four-year universities; and

WHEREAS, since the District serves the fast-growing population of the Inland Empire and due to the age and condition of many of the District's outdated facilities, the District has been less able to provide necessary education programs and thus San Bernardino Valley College and Crafton Hills College must act to maintain and expand their campuses and provide a balance of job training, particularly in healthcare and public safety, and general education classes close to the homes of its students; and

WHEREAS, the Board, after completing a District-wide comprehensive facilities need assessment, has determined that the modernization and replacement of deteriorated classrooms, buildings, laboratories and instructional equipment and the construction of new classrooms and labs for nursing and other health care programs, police, fire and public safety and other vocational training programs; the provision of state-of-the-art computer technology; the installation of fire safety equipment; the improvement of electrical, lighting, ventilation and fire detection systems in existing classrooms; the enhancement of access for disabled students; and the improvement of facilities to provide students with more course options close to their homes are also among the highest priorities of the Board; and

WHEREAS, notwithstanding concerted and ongoing efforts by the District to obtain sufficient facility money from the State of California (the "State"), the State has been unable to provide the District with enough money for the District to adequately maintain and expand San Bernardino Valley College and Crafton Hills College for students; and

WHEREAS, if the District passed a local general obligation, the Board believes that the District would be eligible for over \$170 million of additional State matching funds for District facility improvements; and

WHEREAS, after much consideration, discussion and public input, the Board has approved the San Bernardino Community College District Master Plan (the "Master Plan") which sets forth not only the long range strategy plans for San Bernardino Valley College and Crafton Hills College, as well as prioritizes its most immediate and critical facilities and equipment needs; and

WHEREAS, in the judgment of the Board, it is advisable to provide additional funding for such facility, technology, and safety needs as described in the Master Plan by means of a general obligation bond; and

WHEREAS, Proposition 46, approved by the voters of the State of California on June 3, 1986 ("Proposition 46"), amended Section 1(b) of Article XIII A of the California Constitution by adding a provision which exempts from the 1% of full cash value limitation, those *ad valorem* taxes used to pay for debt service of any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by voters voting on the proposition; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act ("Proposition 39") which, as of its effective date, reduced the voter threshold for *ad valorem* tax levies used to pay for debt service or bonded indebtedness to 55% of the votes cast on a community college district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the "Act") became operative and established requirements associated with the implementation of Proposition 39; and

WHEREAS, the Board desires to make certain findings herein to be applicable to this election order and to establish certain performance audits, standards of financial accountability and citizen oversight which are contained in Proposition 39 and the Act; and

WHEREAS, the Board determines that the restrictions in Proposition 39, as interpreted by the Attorney General of the State of California, which prohibit any bond money to be used for teacher or administrator salaries and expenses, be strictly enforced by a citizens' oversight committee; and

WHEREAS, Section 9400 et seq. of the Elections Code of the State of California (the "Elections Code") requires that a tax rate statement be contained in all official materials, including any ballot pamphlet prepared, sponsored or distributed by the District, relating to the election; and

WHEREAS, the Board now desires to authorize the filing of a ballot argument in favor of the proposition to be submitted to the voters at the election; and

WHEREAS, pursuant to the California Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on February 5, 2008, and to request that each of the San Bernardino County Registrar of Voters and the Riverside County Registrar of Voters perform certain election services for the District; and

WHEREAS, in the judgment of the Board, it is advisable to request the San Bernardino County Registrar of Voters and the Riverside County Registrar of Voters to call an election pursuant to Proposition 39 on the question of whether general obligation bonds shall be issued and sold on behalf of the District for purposes set forth below;

NOW THEREFORE, THE BOARD OF TRUSTEES OF THE SAN BERNARDINO COMMUNITY COLLEGE DISTRICT DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

In compliance with Proposition 39 and the Act, the ballot proposition in Exhibit "A" is subject to the following requirements and determinations:

(a) that the proceeds of the sale of the Bonds shall only be used for the purposes set forth in the ballot measure and not for any other purpose, including teacher or administrator salaries or other operating expenses;

PROJECTS

The Board of Trustees of the San Bernardino Community College District, to be responsive to the needs of students and the community, evaluated the District’s urgent and critical facility needs, including providing sufficient classrooms and labs to offer more courses and programs to students, safety issues, class size and offerings, energy cost reduction and information and computer technology, in developing the scope of projects to be funded, as outlined in the San Bernardino Community College District Master Plan, incorporated herein in its entirety. In developing the scope of projects, the faculty, staff and students have prioritized the key job training requirements for local students so that the most critical needs and the most urgent and basic service needs of the community are addressed. The Board conducted facilities evaluations and received public input and review in developing the scope of college facility projects to be funded, as listed in the Master Plan. This input of faculty and community leaders concluded that if these needs were not addressed now, neither San Bernardino Valley College nor Crafton Hills College would be able to remain competitive in preparing adult learners for current and emerging growth industries and university transfer. **In implementing the Master Plan, the Board of Trustees determines that San Bernardino Community College District must:**

stated above, the Projects also include the possible acquisition of land and facilities, the payment of the costs of preparation of all facility planning, facility assessment reviews, environmental studies and construction documentation, and temporary housing of dislocated District activities caused by bond projects. The allocation of bond proceeds may be affected by the District's receipt of State matching funds, the final costs of each project and the growth in enrollment at the colleges. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District may not be able to complete some of the projects listed above. Certain projects may be undertaken as joint use projects in cooperation with other local public agencies. The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans are finalized, construction bids are awarded and projects are completed. Based on the final costs of each project or the pace of student enrollment, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, redirecting fire access, and acquiring any necessary easements, licenses, or rights of way to the property. Bond proceeds shall only be expended for the specific purposes identified herein. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to the bond projects.
