### Meeting Participants:

- District

**Sponsor:** Ben Mudgett

**Last Meeting Notes:**

- Crafton Academic Programs will use the CDA transcript grouping.
  - Valley Academic Programs will use the VDA transcript groupings.
  - Ben has been testing the transfer work entry.
  - **Issue:** Any existing EQ's (entered by NEQV) will cause matching transfer work courses to be replaced.
    - Possible Solutions:
      - Allowing evaluators to ability to remove the NEQV's as they find them.
        - This will always have to be done to clean existing records. So, it will resolve the issue until we can implement a better solution (see below).
- AND/OR
- Setting up pseudo for 'ALL' EQs (NEQV, TSUM, etc.) without equates to 'real' courses. This requires instruction to update pre-requisites and co-requisites to include both 'pseudo' and 'real' courses.
    - **IMPORTANT:** This is resource intensive, and requires more thought to implement. Not to be include with the Degree Audit project.
    - **Question:**
      - Can we setup/customize pre/co so they allow equates between real and pseudo, but not use the Ellucian delivered equates?
      - Did we miss-configure Grade Schemes
      - Can we use separate Grade Schemes for Pre/Co rules?
      - Is there a way to no allow EQs to replace any courses?
    - **Idea:**
      - Creating new courses for all active courses, at a catalog year, that now includes the pseudo entries for pre/co.
- **Issue:** Degree Audit / What If's on WebAdvisor
    - If we can fix or remove the 'institutional' and 'combined' totals, we can make it available now to students.
    - Our ultimate intent is to fix the totals, but we can remove it now to make it available to students on WebAdvisor.

**Last Meeting Action Items:**

- Need to batch update all academic programs with CDA and VDA.
- Next Week's Agenda
  - Schedule a separate meeting agenda item for discussion "Define and design entry of pseudo courses: Transfer Work vs. EQs"
  - Schedule a separate meeting agenda item for discussion "Review EVAL Inst. Combined GPA/Unit totals: How are they calculated?"
