- **Question to Vendor:** Will existing Student ED-Plans, created using the Course Planning screens, be available when we implement the Self-Service: Student Planning? If not, is there a migration that we can do, because we have done a lot of work with students already.

    Notes:
    - No, the previous Ed-Plans will not automatically transfer, and Ellucian has no service for migrating them.

3. **Current Project Follow-Ups**

     Last Meeting Notes:
     - We are looking at completing the final Automation piece by Christmas Break, or shortly after.
     - SBVC is reporting at Valley students are being dropped from paid courses at Valley, when they didn't pay for a course at CHC.

     Last Meeting Action Items:
     - Veada/April will provide the student information that showed the problem.

- **ImageNow**
    1. **Discussion:** Using 'TEST' data has "LIVE" data.
       - Example: Taking images imported into Test, and importing them into Live.
       - Problems:
         - We are not finished in verifying the batch of images is clean and usable.
         - Will create duplicates when we import the full batch into Live.

- **Admissions and Records**

    1. **General**

       - **Follow-Up:** Positive Attendance Tracking – Pro's and Con's, Next Steps
         Sponsor: Larry Aycock

           Last Meeting Notes:
           - Larry e-mailed again, but still not response.

         Last Meeting Action Items:
         - Larry to provide IT contact for Yuba Community College for program.
         - Larry to request a demo from Yuba on program.
         - IT to review and determine requirements for implementing,

    2. **Registration**

       - **Discussion:** Implementation of State Mandated 'Enrollment Priorities' by Fall 2014.
         Sponsor: Larry Aycock, Marco Cota
         Action Item: Have this as a standing topic for DAWG.

       - **Follow-Up: CHC Waitlist –** Requested Changes before Jan 13.
         Sponsor: Cory Brady

- **Question:** WebAdvisor: Should 'Manage My Waitlist' to show 'C' (cancelled) only, or also 'D' (drop)?
    - **Discussion:** We will just include 'cancelled' waitlists
        - **Decision:** Adding a 'Cancelled Waitlist' section to middle of the current 'Manage My Waitlist'
            - **Columns:**
                - Term
                - Section, Title
                - Location
                - Meeting Information
                - Faculty
                - Credits

- **Question:** WebAdvisor: 'Manage My Waitlist' message review.
    - **Decision:** Add below window to 'Registration Result Page'
    - **Decision:** Add an icon/link on the main registration page about 'Wait list' that takes the student to the 'Manage My Waitlist' page.

> **IMPORTANT WAITLIST REMINDER:**
>
> **48 hours before the start of the section**, your classes will no longer appear on your "**Manage My Waitlist**" page. This means the waitlist for that section has closed. If you are not registered when the class begins, you should attend the first class meeting.

- **Question:** 'Manage My Waitlist' doesn't currently have the ability to 'Opt Out of ASB' as it does on the main registration screen.
    - **Action Item:** Need to confirm, if a student 'waitlists' only (no registered sections), if the 'opt out' flag is successfully recorded.
    - **Decision:**
        - If it is confirmed that the 'opt-out' flag is being written, then it will be reviewed for Summer 2014, if it should be added to 'Manage my Waitlist'
        - If it is NOT writing the flag, then we will add the same logic to the 'Manage My Waitlist' as it is on the main registration page.

- **Question:** WebAdvisor: 'Registration Help' necessary changes. (1ˢᵗ paragraph talks about waitlist)
   - **Decision:**
    San Bernardino Valley College is We are currently providing a waitlist for most of our classes (the waitlist is NOT available for classes that require special permissions, or for classes with co-requisites). If you try to waitlist a section that is not approved, you will get an error message from the system.
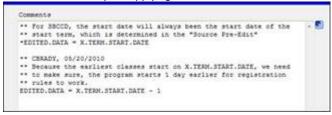

3. **Applications**
    - **Discussion:** CCCApply Imports are returning error "The student Program start date of … is not within the range for the Academic Program"
    Sponsor: Cory Brady

    Issue Description:
        - New Academic Programs generally start in the Fall Term; which is the start of the new catalog year. As such, the procedure is use Fall Term's Start Date as the Start Date of the Academic Program.

- When a student application is imported, the student's academic program is started the 'day before' the start of the term they are applying for.

- When the student applies for the Fall Term and the academic program the student chose is also starting in the Fall Term, we get the error "Academic Program Start Date is after Student Academic Program Start Date".

Comments:
- These particular procedures and logic have been in place since 2010, and only now is this problem showing its self.

- It's possible we don't change academic programs sufficiently enough, that student's simply haven't used the new academic program during the first fall term.

- This year we have created significant set of new academic transfer programs, which also has more visibility to students that most other academic programs.

- Once we stop accepting Fall 2013 applications, this problem will go away until Fall 2014.

Question: How can we change this or other associated processes, to correct this problem?

4. **Transcripts**

- **Follow-Up:** I would like to begin certifying students for CSU or IGETC on the transcript rather than manually populating a PDF and attaching it to the transcript. This will be done in CHC Comments for the time being. I hope that one day with Degree Audit up and running that the CSU and IGETC certifications will run against Degree Audit and populate the transcript. I will include an example of my request as soon as our Casper server is working properly.
  Sponsor: Ben Mudgett

  Last Meeting Notes:
  - General consensus is that it is a good idea. However, it is unclear how it needs to setup so that Credential's pulls the correct transcript information regarding the CSU or IGETC certification.

  Last Meeting Action Item:
  - Need to follow-up with Credentials, to identify how they currently pulls the 'CSU or IGETC' certification information and if adding the comment to the transcript would affect their process of pulling it.
  - Larry will be following up with Credential's.

5. **WebAdvisor:**

- **Discussion:** Review and define "Change Grade Submission Form" process for project request.
  Sponsor: Cory Brady, Larry Aycock, April Dale-Carter
