Meeting Agenda (02/25/2015):

- **Follow-Ups:** Degree Audit – Transfer Work “Pseudo Courses Creation Processes”
Sub-Workgroup Meeting: Still being scheduled.
- **General Discussion**

- **Discussion:** Mobile Application – Planning Launch Date
- **Discussion:** Residency Codes

Issue: Rules that govern how residency is calculated for FTE

Issue: Rules that govern how residency is calculated for Registration Billing

Questions:

- Can we have 1 method of calculating resident that fits all needs?
- Do we need to change how we enter residency to fit all needs?
 - CCCApply
 - Manual Processing
 - Other?

Notes from previous discussions on Residency Codes

- Suggested to create additional Residency Codes:
 - Resident Classifications:
 - 50000 – Residency - Student
 - 55000 – Verified AB540 – Student
 - Have XSTM2 auto-update ASPR (residency status) when AB540 is changed.
 - 80000 – Non-Resident - Student
- **Follow-Up:** Priority Registration – ‘Loss of Priority as a Disciplinary Sanction from disciplinary cases’
Sponsor: Joe Cabrales, Larry Aycock

Last Meeting Notes (12/03/2014):

- It has been suggested that the college has the ability to change priority based on disciplinary cases.
- A general suspension hold is used that stops all registration.
- The question now is can disciplinary information be used to change a student’s priority.
- Suggestion:
 - Possibly using XSTM1 – Student Type to create and maintain
 - Possible using PERC – But is date based, not term based.
 - Information would need to be limited to “admissions & records”.
- **Question:**
 - Is there any module in Colleague that handles or tracks disciplinary information / Clery Act
 - What are other colleges doing that use Colleague?

Last Meeting Notes (12/10/2014):

- Joe still to send sample of data required to track for process to review in Colleague.

Last Meeting Notes (12/17/2014):

- Sample data was e-mailed to Cory on Monday.

Notes:

- Colleague has now module for ‘Code of Conduct’ tracking.
- Other colleges have used Communication Management with smart coded documents to track ‘Code of Conduct’.
Registration rules can be written to look for communication management documents to pass or fail registration.

- **Follow-Up:** OpenCCCApply – Items necessary to consider removing undeclared and undecided:

Last meeting Notes (09/03/2014):

- Need to change how the transcript display graduate information, so an academic program can be continually used after a student graduates.
 - The End Date of program is used as the graduate date currently.

- **Important Note:** Must be fixed before we can consider removing undecided and undeclared as choices in OpenCCCApply.

Last Meeting Notes (09/17/2014):

- Larry has sent out an e-mail to the admissions listserv regarding requiring the offering of undecided/undeclared programs.
- Some information received from colleges:
 - Allow 'Undecided for Transfer' at the time of applying, but not have separate general undecided or undeclared.
 - Barstow has undeclared and undecided & Mission College is going to add them.
- **Question:** If we were to go down the road in not offering undecided and undecided on OpenCCCApply, who or what group would make the decision?
 - Different groups at the colleges. For example, SEEM at CHC might be a good group.

Last Meeting Notes (10/15/2014):

- Undeclared/Undecided is used to determine which students have not yet picked a major. However, students would not be able to get paid financial aid until they choose a major.
 - Review/Create method of updating Student Academic Programs (by Student or By Counselors)
 - **Questions:**
 - Is all Ed-Plans created against programs other than 'Undecided/Undeclared'?

Last Meeting Notes (11/05/2014):

- Still being discussed by the colleges. No update.
- Informational: State Ed-Plan initiative is looking at having an 'undeclared' program.

Last Meeting Notes (12/10/2014):

- CHC is still bringing this up with their SEEM committee.
- SBVC is still needing to bring it to their committee.
- Important: Financial Aid is being required to now enforce this federal requirements in awarding, which is not to give awards to students with undecided and undeclared. This will affect other offices when students have to fix their academic programs.

Last Meeting Notes (12/17/2014):

- Committees for both colleges are over for the year. Next meetings won't be until after the new year.

• **Project Discussions**

• **Special Project:** Colleague UI: Grey Screen Conversions

• **Discussion:** Security Clean up to work with Web UI

• **Necessary Feedback**

- **Question:** Who should provide feedback before implementing new module?
- **Question:** Should a survey be sent to colleague users and/or department managers?

• **Idea:** Define department only security classes.

• **Notes:**

- Each department will have two security classes (for each APP (ST,CORE, CF, etc.)).
 - One for **Full Access** (Employees)
 - One for **Restricted Access** (Student Workers).

Notes:

- All employees and all student workers, in the department, gets the same security. **No exceptions.**
- If an employee needs to have access for another department (with approval from that department), then the employee gets all the access for that department. **No exceptions.**
- *Security classes are not separated by college. Meaning, Admissions at both colleges will have the same access. No exceptions.*

- All Employees, regardless of department will be given general inquiry and report access.
 - Inquiry Screens – Identified screens that have been exclusively designed as inquiry only (not used for editing) will be given to all employees. (STAT, etc.)
 - Reports – Identified reports that do no form of modification to the system. (TRAN, etc.)

Note: Excluding those screens or reports that are for **DSPS** and/or **Health Services**:
Note: These general security access for these inquiry screens and reports **will not be given to Student Workers**. If access to individual screens or reports is defined as necessary by the department, they will be included in the departments student worker security class. **No exceptions.**

- **New Menus** will be created to match each departments security class. To better organize the available mnemonics a user has access to.
- **New Users:** When requesting access to Colleague, only the general inquiry and reports, plus the department, security classes will be given.

- **Example:**

- Records
 - Menu:
 - ST > XREC
 - Security Classes
 - To All Employees: Crafton Hills College & San Bernardino Valley College
 - General Inquiry Screens: ST.INQ.SCREENS, CORE.INQ.SCREENS, CF.INQ.SCREENS, etc.
 - General Reports: ST.REPORTS, CORE.REPORTS, CF.REPORTS, etc.
 - Edit Process and Maintenance: ST.**REC**.FULL, CORE.REC.FULL, CF.REC.FULL, etc.
 - To All Student workers
 - Edit Process and Maintenance: ST.**REC**.REST, CORE.REC.REST, CF.REC.REST, etc.

- Admissions
 - Menu:
 - ST > XADM
 - Security Classes
 - To All Employees: Crafton Hills College & San Bernardino Valley College
 - General Inquiry Screens: ST.INQ.SCREENS, CORE.INQ.SCREENS, CF.INQ.SCREENS, etc.
 - General Reports: ST.REPORTS, CORE.REPORTS, CF.REPORTS, etc.
 - Edit Process and Maintenance: ST.**ADM**.FULL, CORE.ADM.FULL, CF.ADM.FULL, etc.
 - To All Student workers
 - Edit Process and Maintenance: ST.**ADM**.REST, CORE.ADM.REST, CF.ADM.REST, etc.

- **Vendor Project:** Financial Aid Audit and Annual Setup
- **Vendor Project:** Ellucian Mobile

Last Meeting Notes (02/11/2014):
