

District Applications Workgroup (DAWG) | Agenda

DATE: September 11, 2019

TIME: 2:30 PM - 4:30 PM

Location: Annex Training Room

I. Colleague registration load testing

Sponsor: Andy Chang

- Our hosting services is looking for a good time where they can load test our production system during normal production hours to see how it performs.
- This is to better optimize settings or resources dedicated to our hosting environment so when actual peak registration happens, our systems will not slow or go down.
- Need to ask the functionals when would be the "best" time to do this load testing.

II. Promise Application

Sponsor: Kirsten Colvey

- Work with Jason at the meeting on making the changes needed to the form.

III. Both Colleges will need to file historically active programs for approval

Sponsor: Larry Aycock, Kay Dee Yarbrough, Kristina Heilgeist

- As of approval date, programs will begin being transcribed
- Awards granted prior to date cannot be transcribed
- @ Valley:
 - 6 certificates affected
- Some have historical records going back 15 years
 - @ CHC:
 - 9 certificates affected
- Most have historical records going back 20-25 years
- 2,345 students "Active" in programs (as of 4/4/19)
- How can we pursue this, with the least amount of manual entry for A&R staff?
- Proposed Solution: Utilize the transcript logic discussed at our 7/24/19 meeting to code programs to print AFTER a specific date.
- 7/24/19 meeting refers to transcript printing program logic.
