- Title 1.6C.7 (commencing with Section 1788.90) is added to Part 4 of Division 3 of the Civil Code, to read:
- **TITLE 1.6C.7. Educational Debt Collection Practices**
- **1788.92.**
- For purposes of this title, the following terms shall have the following meanings:
- (a) "School" means any public or private postsecondary school, or any public or private entity, responsible for providing transcripts to current or former students of a school.
- (b) "Debt" means any money, obligation, claim, or sum, due or owing, or alleged to be due or owing, from a student, but does not include the fee, if any, charged to all students for the actual costs of providing the transcripts.
- **1788.93.**
- Notwithstanding any provision of law, a school shall not do any of the following:
- (a) Refuse to provide a transcript for a current or former student on the grounds that the student owes a debt.
- (b) Condition the provision of a transcript on the payment of a debt, other than a fee charged to provide the transcript.
- (c) Charge a higher fee for obtaining a transcript, or provide less favorable treatment of a transcript request because a student owes a debt.
- (d) Use transcript issuance as a tool for debt collection.

## II. Coding Student Athletes

Sponsor: Larry Aycock

- Discuss how we can better code student athletes so they can be identified and ultimately have that status included in the data feed to Maxient for use with disciplinary cases.
- When a student is involved in a disciplinary case, it may be necessary to notify the coach as it might disqualify the student from competing.
- We need to be able to identify the student as an athlete in Maxient. There is already a field in Maxient, but I do not believe the data feed from Colleague us populating anything in that field. We need to be able to identify what teams a student may be on for a given term.
