Review and Approval of Minutes		
Crafton Hills Reports		
Valley College Reports	Davena reports the continuation of training for online faculty with a little push back from faculty. There is the addition of the 10-week time frame. The addition of accessibility course based on the @One material. Trying to meet goals for the grant. PsychTech is working to get an online program started The consortium wants to have Valley on full implementation on April 2020.	
Distance Education Reports	Rhiannon reports issues with SIS imports were the system is not adding and removing faculty. Canvas is stating that it can be the way we add observers, that is causing an issue in removing or adding teachers. We are looking at how we are going to archive Fall 2017 at the end of Fall 2020	
Acceptance of training between Campuses (Cynthia)	There is an ongoing process of acceptance of training across campuses. There needs to be alignment between the campuses in the wake of negotiations. Valley already shared the plan developed with the previous DE Leads. A separate meeting will take place between the two campuses	
DECC Charge (Rhiannon)	The charge needs some updates as it refers to the District Associate Vice Chancellor of Technology which does not exist. The suggestion was made by Maggie of adding accessibility to the charge.	

LTI	Just as an update there are many colleges are looking at policies for LTI. Since SBCCD does not have policy on what LTI are allowed. This is an issue when it comes to accessibility and allowing the material.
