

Introducing: The Pronto Campus Suite

RECRUITING CLASSROOM CAMPUS

Campuses everywhere fell in love with **Pronto for the Classroom** and how it revolutionized the way students engage with course work, classmates & professors. Now, Pronto has graduated beyond Classroom Chat and is **now supporting the entire student journey**— from recruitment to matriculation, to the classroom, and beyond to graduation and placement. Pronto is committed to **helping more students matriculate, graduate and succeed.**

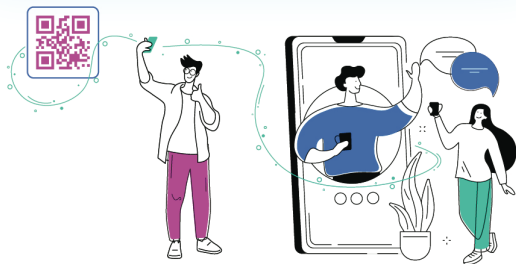

Recruiting & Outreach

Engage your recruits, build community & improve matriculation.

No more sign-up forms, emails that bounce or asking recruits to provide their personal phone number. Pronto solves the communication barrier by giving you a direct line to recruits on a platform that protects their privacy and provides community engagement that improves matriculation. With Pronto you can generate QR codes that recruits can scan— automatically placing them in groups where you can reach them 100% of the time, with read receipts that indicate when they see your message.

- Increase matriculation conversion
- Help recruits make friends before they step on campus
- Access to recruits: no more unread emails or text messages

IMAGINE THIS SCENARIO...

A recruiter goes to North High School for a college day. With Pronto they create a group called "North High incoming Freshman." Students walk up, scan the QR code, and in 15 seconds are put into a group that allows the recruiter to engage with them after the event. Going forward inside the Pronto Group, recruiters can host Q&A webinars for all interested North High students, and students can connect with one another to ask questions, organize visits or reach out directly to a recruiter. Pronto helps recruiters create a community before they ever step foot on campus.

Campus Chat

Connect your campus. Reach & retain your students

Now, Pronto integrates with your campus SIS/CRM and automatically connects all your services to the students they serve. Pronto makes students reachable by all your services— helping to support and guide students along their academic path. With Pronto, students get the support they need, allowing them to instantly reach out to advisors, financial aid, mental health support, student groups, and all the support services available to them. No more lines or bounced emails— everyone is connected right from their mobile device.

- Integrates with your school's SIS / CRM
- Access to students: no more bounced emails or text messages
- Instant support for students
