1. OVERVIEW OF SERVICES SOUGHT BY THIS RFQ

The District is seeking well-qualified Hazardous Material Assessment Firms (“Applicants”) to provide Hazardous Material Assessment Services related services (“Services”), as further described in this RFQ and Attachments. The Contracts that may be awarded following this Request for Qualifications process will be based upon, without limitation, the District’s authority pursuant to: Government Code sections 4526 and 53060; Education Code sections 81644 and 81656; applicable District policies regarding professional service procurements; and other applicable law.

The District intends to award multiple Master Services Agreements (“MSA”) as a result of this RFQ process. The Term “Agreement” and “Contract” as used herein shall refer to all the Contract Documents that make up the MSA, inclusive of any subsequent Task Orders that may be issued. The term “Project(s)” as used in this Request for Qualification (“RFQ”) means all structures, buildings, site work, landscaping, irrigation, on-site work, off-site work, or other improvements to real property of every kind and nature provided for or reasonably inferable to provide a complete building(s) or system(s) for their intended purpose funded in whole and/or in part with Measure CC bond funds.

This procurement process will take place in two steps:

The first step is the instant Request for Qualifications step (“RFQ”). Upon receipt and evaluation of the Statements of Qualifications (“SOQs”) submitted in response to this RFQ, the SOQs will be scored, evaluated and all Applicants receiving qualified status will be eligible to receive a Master Services Agreement (“Awardees”). The District intends to evaluate and select those Applicants whose qualifications are determined to be the most beneficial to the District. Following the conclusion of the instant procurement, the District reserves the right to increase or decrease the number of Awardees as it determines to be in its own best interests based on later acquired information and/or subsequent receipt of Statements of Qualifications.

The second step of the procurement process will only involve those Awardees who have executed the MSA. The selected firms (“Contracted Firms”) may thereafter provide Services for a variety of District Projects at any of the District’s campuses or satellite locations. Future project specific requests will be issued as a Request for Task Order Proposals (“RFTOP”). Each RFTOP will contain its own scope of services, estimated value, and period of performance. Firms will then submit a Proposal (including a detailed Fee Proposal and other documents) in response to each RFTOP. All responsive Proposal packages received will then be evaluated and the Selected Firm will be identified for award of the Task Order.

Estimated total combined funding authority of all Contracts awarded pursuant to this RFQ will be on a not-to-exceed basis in the amount of US\$ 1,000,000.00. The term of the Contracts will be three (3) base years plus two (2) one (1) year option periods. The District will have the sole right to exercise these optional years as it determines to be in its best interest. The funding authority is not an estimate of the value of Task Orders that will be issued under the MSAs, if any, and does not constitute an express or implied representation or promise by the District that Contracted Firm(s) will be offered or provided the opportunity to perform Services under the MSAs. There are no limits to the number of Task Orders issued, if any, within the funding authority.

2. BACKGROUND INFORMATION

2.1 The District

The mission of the San Bernardino Community College District ("District") is to transform lives through the education of our students for the benefit of our diverse communities. For nearly 100 years, San Bernardino Valley College and Crafton Hills College has provided award-winning, affordable higher education and career training to low and middle-income students from 21 cities and surrounding communities including, Big Bear Lake, Colton, Grand Terrace, Loma Linda, Redlands, Rialto, San Bernardino and Yucaipa. Today, the District serves about 28,000 students every year.

With its dedicated professors, ample extracurricular opportunities, supportive staff, and beautiful surroundings, Crafton Hills College ("CHC") is a place where students thrive. Since its opening in 1972, more than 100,000 people of different ages, interests, and backgrounds have attended CHC, drawn to the outstanding educational opportunities available to students interested in earning two-year associate degrees, transferring to four-year colleges and universities to obtain bachelor's degrees, career and technical education programs, and general education to increase job effectiveness or learn new skills.

CHC offers more than 50 majors in the liberal arts and sciences, vocations, and technical studies, and currently serves about 8,800 students. Students can receive multidisciplinary degrees, including Fine Arts, Health Sciences, Liberal Studies - Teacher Preparation, and Social Science. The Fire Science and Emergency Medical Services-Paramedics programs are some of the finest community college programs in the state, with CHC being the primary trainer for paramedics in San Bernardino and Riverside counties. CHC also has the distinction of being the top community college in the Inland Empire when it comes to degree/certificate completion rates and course retention/success rates.

Now in its 90th year, San Bernardino Valley College (SBVC) is a comprehensive community college offering a full range of degrees, transfer programs to four-year institutions, and certificates in a wide range of careers. As the original and largest of two colleges in the District, SBVC is a regional leader in career and technical education with programs in nursing, human services, computer information technology, welding, electrical and dozens more. Weekend, online, evening, short-term and distance learning classes are available along with classes in Big Bear.

SBVC's mission is to prepare students for transfer to four-year universities, to enter the workforce by earning applied degrees and certificates, to foster economic growth and global competitiveness through workforce development, and to improve the quality of life in the Inland Empire and beyond.

Centrally located near the 10 and 215 freeways, San Bernardino Valley College serves 19,200 students every semester.

2.2 Measure CC Bond Program

On November 6, 2018, the voters approved Measure CC, which will generate \$470 million to upgrade the District's facilities. The District hasn't passed a local college bond measure in a decade; therefore, the District faces a backlog of college infrastructure projects. The proceeds of this Bond will be used to update aging facilities for safe, 21st-century education, and to repair college facilities to train firefighters, health care providers, police, engineers, and technicians who fuel our local economy ("Bond Program").

Additional information on the Bond Program may be obtained by visiting the District's website at <http://www.sbccd.org/qualitycolleges>.

2.3 Program Manager

The Measure CC Bond Program, sometimes also referred to as the "Building Program", will be managed centrally by the Program Management Office ("PMO"). The PMO will oversee all construction activities and professional services in relation to the Bond Program on behalf of the District. The PMO contract was awarded to AECOM Technical Services, Inc. on or about June 1, 2019 ("AECOM" and/or "PMO"). The PMO reports directly to the District's Director, Facilities Planning & Construction.

The District's Director, Facilities Planning & Construction will be the District's Authorized Representative for conducting the RFQ and for administering and enforcing the contracts awarded, if any, by the District's Board of Trustees pursuant to this RFQ. The PMO firm will be the District's Authorized Representative for administering and enforcing the contracts awarded, if any, by the District's Board of Trustees pursuant to this RFQ.

When retained, the Construction Management Team(s) ("CMT") will manage construction activity and provide field level management at the colleges. The CMT will report and be accountable to the PMO. The District will also have a direct hire District employee, a "Campus Project Manager" ("CPM"). This individual will be fully dedicated to the Bond Program, paid by the Bond and be part of the Bond Program organization. The individual in this position will function as a representative for the District and corresponding Colleges with responsibilities to collaborate with the Colleges' administration, PMO, CMT and other consultants and will report to the District's Director, Facilities Planning & Construction. The CPM's role is not to direct the work, but to look out for the ongoing maintainability/functionality/operability of the Colleges during the planning, design, procurement, construction, commissioning and post-construction phases. The CPM's duties may include but are not limited to solving problems, developing solutions that work for the Colleges, contributing to the design and constructability of the plans, providing input on construction schedules and budget, assisting with the procurements of various consultants and contractors, communicating and coordinating with the Colleges administration, PMO, and the CMT, and reviewing necessary submittals to ensure compatibility with campus systems.

5.1.6 Applicant Expenses

Any expenses incurred by an Applicant, prior to or during the RFQ process, in: (1) preparing its SOQ, (2) submitting its SOQ to the District, (3) negotiating with District on any matter related to this RFQ, or (4) engaging in any other activity related to the RFQ process; are the sole responsibility of the Applicant. The PMO and District shall not, under any circumstances (including, without limitation, a decision by the District to reject any or all SOQs or to withdraw or cancel the RFQ with or without re-procurement), be liable for any such expenses. In addition to the foregoing, by Applicant's submitting a SOQ in response to this RFQ, Applicant agrees to defend, indemnify, and hold harmless the District Indemnitees (as defined in the MSA), and each of them, from any and all losses, liabilities, claims, and damages asserted by third persons or entities engaged by or through Applicant or its Consultants, Sub-consultants, Contractors, and/or Subcontractors, of any contracting tier, in connection with responding to this RFQ or preparing for or participating in the RFQ process.

5.1.7 Page Count

Unless otherwise specifically stated in the RFQ Documents, in interpreting a requirement in the RFQ Documents that a document submitted be limited to a certain number of pages, the word "page" means one side of a sheet of paper.

5.1.8 Responsiveness

Any Applicant who does not comply with the requirements of the RFQ Documents shall be subject to a finding of non-responsiveness and/or disqualification by the District, or reduction(s) in points by evaluators in their scoring of the Applicant's SOQ, as ultimately determined by the District. The decision whether or not to find a SOQ non-responsive and/or to disqualify an Applicant is discretionary with the District, all such decisions are final, and nothing stated in the RFQ Documents shall be interpreted as obligating the District to disqualify and/or find non-responsive any Applicant who fails to comply with the requirements of the RFQ Documents, if some other provision of the RFQ permits the District to do so.

5.1.9 Conflicting Terms

Summaries contained in the RFQ Documents that pertain and/or relate to matters expressly addressed in more detail elsewhere in the RFQ Documents are for the convenience of the Applicants

and in all such instances, the more specific, detailed provisions shall govern. Notwithstanding the foregoing, in the event of a conflict between the terms of the RFQ Documents and any term or condition in the Sample MSA, the latter shall govern.

5.1.10 Pre-Submission Objections

Any objection by an Applicant to the RFQ Documents must be submitted as a Request for Clarification (RFC) before the deadline to submit RFCs as identified in this document. Failure by an Applicant to so object shall constitute a final and conclusive waiver by the Applicant of its right to thereafter assert such objection. If an objection is agreed to, the District will issue an Addendum changing the RFQ documents. If the objection is not agreed to, the District will so state by Addendum and the RFQ documents will stand as issued. If the objecting Applicant thereafter submits a SOQ, it will be deemed to have waived its objection. The submission of a SOQ by an objecting Applicant, where the District has not agreed to the objection and not changed the RFQ based thereon, shall be deemed non-responsive and rejected if the Applicant persists in asserting the objection.

Pre-Submission Objections must be submitted and received by the District prior to the deadline set forth herein in the same manner as an RFC. Pre-Submission Objections or additional information received after that time will not be responded to. All requests for Pre-Submission Objections must be in writing and shall be delivered as described above by the same deadline for RFC submissions.

The District is not obligated to respond to any Pre-Submission Objections that the District judges, in the exercise of its sole and absolute discretion: (1) are received after the above-specified deadline; (2) are submitted in a manner other than as required by the RFQ Documents; (3) are unintelligible; (4) seek information that is irrelevant to the subject matter of the RFQ; (5) seek information that is already contained in the RFQ; or (6) involve weaknesses, errors or omissions in a SOQ, whether observed or not observed by the District, it being the intent of the District that all such weaknesses, errors or omissions, whether observed or not observed, are the sole responsibility of the Applicant.

Should the District determine to respond to a Pre-Submission Objection(s), the District will do so by way of a written Addendum.

5.1.11 Time Periods

If an Applicant is asked in the RFQ Documents to respond to a question relative to a stated time period that has passed (such as, for example, "within the past 5 years"), it shall be deemed to mean the period of time that precedes the date that the Applicant first submits its SOQs to the District. If a question asks for information relative to a stated number of prior "full calendar (or fiscal) years," it shall mean the stated number calendar years immediately preceding the calendar (or fiscal) year in which the SOQs are first submitted by the Applicant.

5.1.12 Joint Offers

The District intends to contract with single firms and not with multiple firms doing business as a joint venture, General Partnership, and/or informal team. Accordingly, where two or more firms desire to join in preparing a single SOQ, they should do so on a Prime and Sub-Consultant basis, rather than as a joint venture, General Partnership, or informal team. The firm acting as the "Prime", if awarded the Contract, will enter into the contract with the District and shall for purposes of this RFQ be

considered the “Applicant.” This is for contracting purposes only and does not mean that the “Sub-Consultants” qualifications will not be evaluated as part of the SOQ process.

5.1.13 Confirmation of Information

The District reserves the right, to confirm the information contained within the resumes or other information submitted or communicated by any means by an Applicant.

5.1.14 Discussions and Clarifications

The District reserves the right, at any point in the RFQ process, but assumes no obligation, to conduct discussions with any Applicant for the purpose of (1) obtaining information essential for determining the acceptability of a SOQ, or (2) providing the Applicant an opportunity to revise or modify its SOQ (“Discussions”). If Discussions are held with any Applicant, they will be held separately with each Applicant; however, the questions asked in Discussions may be different for each Applicant. Additionally, the District may, but assumes no obligation to, communicate, verbally or in writing with an Applicant directly and without notice to, or participation by, other Applicants, and without providing similar opportunities for other Applicants, for purpose of obtaining clarification of certain aspects of a SOQ or of the Applicant’s capability to perform (such as, without limitation, the relevance of past performance information) and addressing minor irregularities, informalities, or apparent clerical mistakes in a SOQ and not for the purpose of changing the Applicant’s terms of its offer or other informational features of its SOQs.

5.1.15 False or Misleading Information

In addition to and without limitation upon any other requirements of the RFQ Documents, the District shall have the right to disqualify any Applicant and reject any SOQ by such Applicant should District determine that any information submitted by the Applicant is false, incorrect or materially incomplete.

5.1.16 Waiver of Irregularities

The District reserves the right, but assumes no obligation, to waive deviations, irregularities, errors, or omissions in an Applicant’s conduct in connection with the RFQ process, in an Applicant’s SOQ, or in regard to any Applicant’s compliance or non-compliance with the requirements of the RFQ Documents.

5.1.17 Unauthorized Communications

Applicants shall not, before award of the MSA contracts, communicate, either verbally or in writing, with any of the following persons (other than the person designated in the RFQ, or their designees) concerning the requirements of the RFQ Documents or concerning any aspect of the RFQ process: (1) any trustee, officer, employee, or representative of the PMO or District; or (2) any consultant, or employee of a consultant, providing the District or PMO with assistance, advice, or professional services relating to the matters covered by the RFQ Documents or who is involved in any aspect of the RFQ evaluation or scoring processes. Communication with or by an Applicant in violation of the foregoing may, as judged in District’s sole and absolute discretion be cause for disqualification of such Applicant.

5.1.18. Interested Parties

An Applicant or Prime Firm shall not be a Consultant, Sub-Consultant, Contractor and/or Subcontractor to another Applicant in more than one SOQ. A Consultant, Sub-Consultant, Contractor and/or Subcontractor may be included in more than one SOQ from different Applicants. District reserves the right to request Prime Firms to provide qualification documents on Consultants, Sub-Consultants, Contractors and/or Subcontractors after execution of Agreement. Firms who are advisors to the District or PMO in respect to this RFQ process are not allowed to submit, or participate in submission of SOQs.

5.1.19 Inability to Perform

Any Applicant who, at any point in time during the RFQ process, is determined by the District, in the exercise of its sole and absolute discretion, to be unable to perform the services sought may be declared disqualified by the District and in such case will not be allowed to participate further in the RFQ process.

5.1.20 Transfer

SOQs are neither assignable nor transferable by Applicant and any such attempted assignment or transfer shall be deemed null and void at its inception.

5.1.21 Ownership of the SOQs

SOQs shall, upon submission, become property of the District and no portion of any SOQ will be returned by the District to the Applicant unless all of the following have occurred: (1) the portion is marked as "Proprietary and Confidential" in the manner required by the preceding paragraph, (2) the Applicant has requested in writing in its SOQ that such portion be returned in the event the Applicant does not receive award, and (3) within thirty (30) calendar days after award the Applicant requests, in writing, that such portion be returned.

5.1.22 Public Records Act Requests

In accordance with the Public Records Act (California Government Code §§ 6250 *et seq.*), SOQs and related documents submitted pursuant to this Request for Qualification will be subject to disclosure and review by the public once the Selected Firms are announced and upon a request made in compliance with the Public Records Act as required by law. Except as otherwise required by Applicable Law, the District will not disclose trade secrets or proprietary information submitted by an Applicant provided that the Applicant has specifically and conspicuously marked and identified such information as "Proprietary and Confidential Information" at each location in its SOQ where such information appears. Notwithstanding any such markings or identification of information by Applicant as "Proprietary and Confidential," the District reserves the right to independently determine whether any such information is subject to disclosure and to make such information available for review to the public to the extent required by Applicable Law.

5.1.23 District Protest Procedure

A copy of the District's Bid/Proposal Protest Procedure is found as Attachment 14 to the RFQ and incorporated herein by this reference.

5.1.24 Final Determinations

The District shall have the right to make all determinations and interpretations relating to the RFQ Documents or the RFQ process, including, without limitation, any Applicant's compliance with the RFQ Documents or its qualifications to participate in the RFQ process, and all such determinations shall be final and binding. Unless the District undertakes an action and debars an Applicant from applying for and/or proposing under this procurement, any other determination by the District during the RFQ process is not meant, and shall not be construed to be, a negative reflection on and/or a derogatory comment or action against, an Applicant's reputation, experience, and/or other qualifications and/or characteristics. This is a qualifications-based selection process and as designed, some Applicant's qualifications will exceed those of other Applicants.

5.1.25 No Commitment

Without limitation to any of the District's other rights under the RFQ Documents, Applicable Law, or the terms of the MSA(s), the District reserves the right, exercised at any time and in its sole and absolute discretion, to do any of the following: (1) reject any SOQ that fails to comply with the requirements of the RFQ Documents; (2) reject all SOQs; (3) make a determination that Applicant is disqualified from participating in the RFQ process due to its being found not as well qualified as other Applicants to perform the services contemplated by the RFQ; (4) cancel all or a part of the RFQ, with or without offering any Applicant the opportunity to participate in any future RFQ process for the same or similar services; or (5) make selection of any Applicant or to no Applicant. Exercise by District of its rights under this Section shall not, under any circumstances, give rise to any liability or obligation on the part of the PMO or District nor shall it constitute grounds for any claim by an Applicant for recovery from PMO or District of any loss, damage, cost, or expense. Nothing stated in this RFQ and no action taken in response to this RFQ, save and except for mutual execution of a contract that is approved by the Board of Trustees, shall constitute, or be interpreted as, creating any legal obligation on the part of the PMO or District to enter into a contract with any Applicant.

5.1.26 Other District Rights

The rights, powers, and discretion expressly conferred upon the District under the RFQ Documents are not intended to be exclusive but are cumulative and in addition to, and not a substitute for, every other right, power, or discretion existing or available to the District under the RFQ Documents or applicable laws.

5.1.27 Performance Evaluations

The PMO may conduct Performance Evaluations of Contracted Firms on an annual basis for the term of the Contract, or when deemed necessary by the District.

Section Seven (7.0) must be completed and returned with the Statement of Qualifications package by the Applicant if it and/or its Sub-Consultant(s) meets the definition of a Local Business. Up to sixty (60) bonus points are available in this section. See Section 7.0 for a further breakdown of the 60 bonus points available.

1.3 Scoring

Only Section Six (6.0) of Part C will be evaluated and scored based on the Applicant’s responses.

The overall numerical scoring received will be used to rank Applicants and determine a Group of Qualified Applicants. The District reserves the right to increase or decrease the

number of Contracted Firms, at any time, if it determines in its best interest to do so.

The District has determined that certain qualification criteria are to receive more importance than other criteria, as defined below. There is a total of 540 available points. Please refer to Section 6.0 for a further breakdown and description on how these Categories will be evaluated and scored.

Available Bonus Points:

Additionally, up to sixty (60) bonus points are available for the participation of Local Businesses. Board Policy 6610 is intended to promote the participation of Local Businesses. If the Applicant does not have Sub-Consultants to provide these certain disciplines because Applicant can provide these disciplines in-house, the Applicant, if Applicant meets the definition of a "Local Business" per Board Policy 6610, will be awarded these additional bonus points.
- Applicants will be required to self-certify it and/or its Sub-Consultant(s) meets the definition of a Local Small Business to be eligible to receive Bonus Points. See section seven (7.0) Part D of this Attachment 1 for more information and the Local Business Self-Certification form.

SECTION 6 – APPLICANT AND SUB-CONSULTANT PERSONNEL AND PROJECT EXPERIENCE**6.0 Experience Requirements**

The Applicant is to provide personnel resources, credentials and expertise to meet the District's needs for each project. In this Section the Applicant provides information regarding the firm's general project experience and project staff experience for evaluation by the District and PMO for qualification.

6.1 Project Staff Experience – 280 points available:

Submit a completed Individual Resume Form (RFQ, Attachment 2) for each of the following positions listed in the table below. Do NOT submit more than one (1) person for any Role listed. Each Role title provided in every resume submitted must be labeled exactly as it is written below under the column labeled, "Role in this Project." Additional Roles submitted past those defined in this RFQ will not be scored. One (1) individual can perform two (2) roles but must be labeled as such on the Resume Form, for instance "Principal in Charge/Project Manager."

An additional single page may also be included behind each form for each resume. The resume must present all information required in the Resume Form fields. Proposed Project Staff resumes will be scored based upon the individual's overall experience, education, licensing and other general information. Project experience listed in each resume should articulate the individual's involvement working in higher education, sustainability, and consulting experience, primarily with Community College District projects, and any other public works projects.

Use the Resume Form to explicitly define how the individual meets these criteria. The Form must be filled out with the information requested and not dependent on any supplemental resumes or information. All proposed "Senior-Level" personnel must be licensed professionals registered in the State of California, including both the Principal in Charge and Project Manager. The submitting firm shall only propose staff possessing professional licenses and/or certifications that correspond with their assigned role title listed within the following table:

The specific individuals submitted with the SOQ may be requested by the District for a future project.

A majority of the projects Applicant lists in the Applicant and Sub-Consultant History & Project Experience Form (RFQ, Attachment 3) shall be Applicant's history and project experience, not Applicant's Sub-Consultant's history and project experience. i.e. the Applicant must submit at least six (6) or seven (7) and the Sub-Consultants at least three (3) or four (4) (that is a total for all Sub-Consultants combined), for a total of ten (10) projects. If there are no Sub-Consultants, the Applicant must submit ten (10). Do NOT submit more than ten (10) projects.

Projects listed that do not match exact criteria requested, may receive fewer points by evaluators.

Each of the ten (10) projects submitted will be evaluated and scored by the Evaluation Committee based on the factors listed above and reflected in Attachment 3 – Applicant

Team Project History and Performance and awarded from 0 to 15 points for each of the ten (10) projects submitted. If less than ten (10) projects are submitted, it reduces the number of available points to an Applicant. (Example: with ten (10) projects submitted, there are up to 150 points available (i.e., 10 projects x 15 points = 150).

However, if only nine (9) projects are submitted, there would be only 135 points available (i.e., 9 projects x 15 points = 135 available points), etc. Do NOT submit any more than ten (10) projects total.

6.3 Proposed Team Matrix – 110 points available:

The Applicant is to provide a list of its proposed overall Team Members (which includes Applicant's employees and proposed Sub-Consultants and their employees which at minimum are those roles included as resumes per 6.1 above). The Applicant is encouraged to add any additional staff or roles that the Applicant believes are needed to complete the work or enhance the team. In addition to the Team Matrix below the Applicant shall provide an organizational chart of the proposed team. Please provide any additional consultants as needed and indicate anything that the Applicant deems as value added to the team.

Every Team Member that is a Sub-Consultant listed below is to complete and submit documentation as per Qualification Questionnaire, Part B (RFQ, Attachment 1). Add additional lines as required to the Team Matrix table.

District reserves the right to request additional firms or disciplines as required for future work.

Do not include more than one (1) staff member for the same discipline/role.

Individual Names and Firm Names	Discipline/Role in this Project

The overall Team proposed, as submitted on the above matrix and the organizational chart, will be evaluated and scored by the Evaluation Committee based on the strength of the overall Team proposed in the matrix above, the information contained in the Individual Resume Forms – Attachment 2, and the information contained in the Qualification Questionnaire, Attachment 1.

The Applicant will be awarded from 0 to 110 points based on the strength of the overall Team proposed. Only submit 1 person for each of the Roles on this Project. Any additional value added over and above the Roles on this Project can be listed here and here only.

11.6 Additional Requirements:

.1 CONSULTANT shall submit proof of the required insurance coverage at the time of the execution of this Agreement. Evidence of such insurance shall be provided to the DISTRICT by delivering copies of the policies or certificates of insurance setting forth the required coverage.

.2 CONSULTANT shall ensure that all such coverages are in full force and effect during the time intervals hereafter stipulated. The Professional Liability and all other coverages (except for the Automobile Liability coverage) shall remain in effect for at least three (3) full years after the date of final Completion of the Services and acceptance thereof by the DISTRICT. The Automobile policy shall remain in effect until at least the date on which CONSULTANT is paid in full under this Agreement. CONSULTANT shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverage during the time period they are required to be in effect.

.3 Waiver of Subrogation. CONSULTANT agrees that in the event of loss due to any perils for which it has agreed to provide Commercial General and Automobile Liability insurance, CONSULTANT shall look solely to its insurance carrier(s) for recovery and grants a waiver of any right to subrogation which any such insurer of CONSULTANT may acquire against the District by virtue of payments of any loss under this insurance.

.4 No act or omission of any insurance agent or broker shall relieve CONSULTANT of any of its obligations under this Agreement. In the event that CONSULTANT fails to acquire and maintain the insurance coverage as provided herein, the DISTRICT may procure the same and pay the premium therefore, in which case the cost shall be charged to CONSULTANT or deducted from payments due CONSULTANT hereunder, at the DISTRICT's sole discretion.

.5 In addition, the DISTRICT may, at its option, require CONSULTANT to provide additional Services specific insurance, provided the premiums for such insurance are reimbursed by the DISTRICT and the DISTRICT approves, in advance, such additional insurance, the company issuing the same, the scope of the coverage thereof and the premiums therefore.

ARTICLE 12 – CHANGES

12.1 DISTRICT May Direct

DISTRICT may, at any time, direct changes in the scope of the Services required by this Agreement or any future Task Order, or in services previously approved in earlier phases. All DISTRICT directed changes shall be in writing specifying the change required and approved by the EVC or his designee.

12.2 CONSULTANT's Responsibility

Upon receipt of a written notice of a change, CONSULTANT shall estimate the hours and costs associated with the change. CONSULTANT shall prepare a written statement showing the impact of the change on the Service Delivery Schedule and on the functioning of the Services as a whole.

12.3 Compensation

If approved, CONSULTANT shall be entitled to compensation pursuant to Article 5 as an Additional Service in an amount based on the hourly rates provided by CONSULTANT and based on actual hours reasonably incurred, properly authorized, documented and supported. However, CONSULTANT shall not be compensated for correction of deficiencies, errors, omissions, conflicts, and/or ambiguities in the documents prepared or reviewed by it, unless expressly provided to the contrary in this Agreement.

ARTICLE 13 – MANDATORY DISPUTE RESOLUTION PROCESS

13.1 If any dispute arises between CONSULTANT and DISTRICT, CONSULTANT shall, unless DISTRICT instructs otherwise, continue performance of all obligations under this Agreement without cessation or delay pending resolution of the dispute, regardless of the size or nature of the dispute. Likewise, DISTRICT shall continue to make payments for undisputed amounts during such continued performance. CONSULTANT waives all rights to seek an injunction, temporary restraining order and any other relief which would stop or delay the progress of the Work. By placing substantially identical text, or by incorporating this Article 13 into the contracts and subcontracts with CONSULTANT's Consultants and Sub-Consultants,

CONSULTANT shall bind each and all of its Consultants and Sub-Consultants to CONSULTANT as CONSULTANT and DISTRICT are bound to one another under this Article 13. Failure of CONSULTANT to do so shall be deemed a breach of this Agreement by CONSULTANT and CONSULTANT shall be liable to DISTRICT for all losses caused thereby.

13.2 The mandatory dispute resolution provisions of this Article 13 are adopted and implemented by the District pursuant to the authority afforded it under, without limitation Government Code sections 930.2, 930.4, 930.6, and Applicable Laws. This Article 13 applies equally to the DISTRICT as it does to the CONSULTANT, except as stated otherwise in this Agreement or prohibited by applicable law.

13.3 The District and CONSULTANT agree that this Article 13, in its entirety, must be followed as a condition precedent to arbitration as set forth herein below. This Article 13 establishes the exclusive procedures for “Claims” between the CONSULTANT and the DISTRICT regarding this Agreement, except as may be expressly exempted elsewhere in this Agreement. Claims shall be resolved by the Parties in accordance with the provisions of this Article 13, in lieu of any and all rights under the law that either Party may have to have its rights adjudged by a trial court or jury. It is also the intent of this mandatory and exclusive resolution procedure to resolve a “Claim” as close as possible to the conclusion of the event(s) and/or circumstance(s) giving rise to the “Claim”. In this way, individual’s memories, and the information and documentation available to both Parties, will be as fresh as possible and permit the best informed resolution to occur.

13.4 Both Parties acknowledge that their failure and/or refusal to follow this mandatory and exclusive process will irreparably prejudice the other Party and as such, should a Party to this Agreement fail or refuse to comply with this process, any “Claim” they may have shall be waived and forfeited. This process applies equally to the District as it does to the Consultant.

13.5 For purposes of this Article 13, a “Claim” means a written demand or assertion by one or both of the parties: (1) seeking, as a matter of right, an interpretation of this Agreement; (2) a breach of this Agreement; (3) any request for more time; and/or (4) the payment of money and/or the recovery of damages. A Claim can contain more than one item (e.g., such as seeking two interpretations of the Agreement; or an interpretation and damage, or two or more claims for compensation each having a different basis/cause thereof, etc.) The fact that a Claim may contain two or more items does not give a Party the right to delay submitting a Claim beyond the ten (10) day time limit set forth below.

13.6 The procedures set forth in this Article 13 shall not usurp District’s authority, and do not apply to:

13.6.1 the rights the District has as a public entity and the obligations the District has as a public entity to third persons;

13.6.2 personal injury, wrongful death, or property damage, claims;

13.6.3 District’s rights and remedies as set forth elsewhere in this Contract and/or under applicable law;

13.6.4 matters covered by insurance; and

13.6.5 the right of the District to specific performance or injunctive relief to compel performance.

13.7 Notice of a Claim. The Notice of a Claim shall be submitted as follows:

13.7.2 To CONSULTANT:

[INSERT NAME, ADDRESS AND CONTACT INFO]

13.8 Required Information and Documentation. A Claim submitted shall contain a detailed narrative of the Claim together with detailed estimates and/or calculations regarding costs and/or time, and all supporting information and documentation to prove the basis and entitlement to the relief sought by the Party submitting the Claim. Any information and/or documentation not submitted by the time of the Initial Mandatory Meeting and Negotiations is held shall not be permitted to be used in any subsequent step of this mandatory and exclusive dispute resolution process, including at Arbitration, as both parties acknowledge that one Party withholding such information and/or documentation will cause the other Party irreparable prejudice.

13.9 Time Limit for Submitting a Claim. The time period for each Party to submit a Claim is ten (10) days from when a Party realizes, or when a reasonable person should have realized, that it has a Claim, or when a Party fails or refuses to perform an obligation required by this Agreement, or when the Program Management Office denies a request for the payment of compensation, or when one Party breaches this Agreement. If a Party fails to submit a Claim within the required ten (10) day period, the Party waives and forfeits all rights and remedies to such Claim.

13.10 Steps to Resolving a Claim. The Parties shall use each of the following steps, in the order in which they appear below, to resolve each Claim. The resolution of any and all Claims is ultimately not binding on the District unless approved by the District's Board of Trustees and not binding on the CONSULTANT until approved by its Authorized Representative.

13.10.1 Initial Mandatory Meeting and Negotiations. Within twenty-one (21) calendar days of a Party submitting a Notice of Claim and Required Documentation and Information, the other Party shall, in writing, submit a Written Response to the Notice of Claim. The Written Response to the Notice of Claim shall contain:

13.10.1.1 a detailed narrative responding to each point made in the Claim. The point by point response shall contain a statement as to whether the responding Party agrees or not with each point made by the Party submitting the Claim. If the responding Party does not agree with a point, then for each point of disagreement, the responding Party shall provide a detailed explanation as to why it disagrees supported by any detailed estimates and/or calculations regarding costs and/or time, and all supporting information and documentation to prove the basis of the responding Party's disagreement. To the extent the responding Party has a counter claim, the responding Party shall also set forth a detailed explanation of the counter claim together with any detailed estimates and/or calculations regarding costs and/or time, and all supporting information and documentation to prove the counter claim. In situations where no counter claim is made, the Party submitting a Claim shall then have fourteen (14) calendar days to submit a Reply. The Reply must follow the same format and respond point by point, together with all supporting documentation and information supporting the points made in the responding Party's Written

Response to the Claim. Within seven (7) days following receipt of the Reply, the District shall issue a Notice of Initial Mandatory Meeting and Negotiations that will take place between the President of the CONSULTANT and the Director of the Program Management Office. The Initial Mandatory Meeting and Negotiations shall take place within fourteen (14) days of the issuance of the Notice of Initial Mandatory Meeting and Negotiations and will not last more than two (2) six (6) hour sessions, unless the both the President of the Consultant and the Director of the Program Management Office agree in writing that more time is needed. Any information and/or documentation not submitted by the time the Initial Mandatory Meeting and Negotiations is held shall not be permitted to be used in any subsequent step of this mandatory and exclusive dispute resolution process, including at Arbitration, as both parties acknowledge that one Party withholding such information and/or documentation will cause the other Party irreparable prejudice.

13.10.1.2 if the Written Response to the Notice of a Claim also contains a counter claim by the Responding Party, and only if the counter claim would entitle the Responding Party to recover an amount of money beyond that which is sought by the Notice of Claim, then the Party filing a Notice of Claim shall not have fourteen (14) days to submit a Reply, but rather have twenty-one (21) days to submit a Reply. The Reply shall then address the points raised in the Written Response to its Notice of Claim and separately address the counter claim points asserted by the responding Party following the same narrative and supporting documentation and information requirements set forth above. The responding Party shall then have fourteen (14) days to submit a Sur Reply addressing only the counter claim points addressed by the Party filing the Notice of Claim. If these time frames apply, then within seven (7) days following receipt of the Sur Reply, the District shall issue a Notice of Initial Mandatory Meeting and Negotiations that will take place between the President of the CONSULTANT and the Director of the Program Management Office. The Initial Mandatory Meeting and Negotiations shall take place within fourteen (14) days of the issuance of the Notice of Initial Mandatory Meeting and Negotiations and will not last more than two (2) six (6) hour sessions, unless the both the President of the CONSULTANT and the Director of the Program Management Office agree in writing that more time is needed. Any information and/or documentation not submitted by the time the Initial Mandatory Meeting and Negotiations is held shall not be permitted to be used in any subsequent step of this mandatory and exclusive dispute resolution process, including at Arbitration, as both Parties acknowledge that one Party withholding such information and/or documentation will cause the other Party irreparable prejudice.

13.10.2 Resolution, Partial Resolution, or No Resolution.

13.10.2.1 No Resolution. If the President of the CONSULTANT and the Director of Program Management Office reach no resolution, then within five (5) business days of the Initial Mandatory Meeting and Negotiations concluding, the Director of Program Management Office shall issue a written notice to the District's EVC, copy to the CONSULTANT's President, announcing the fact the no resolution was reached. Within five (5) business days of the receipt of the Director of Program Management Office notice of no resolution, either the President of the CONSULTANT, or the Director of the Program Management Office, depending on which Party submitted the Claim(s), must then file a Written Request for a Final Mandatory Meeting and Negotiations with either the District's EVC at the address set forth above or the President of the CONSULTANT. If this occurs, the Parties shall proceed to a Final Mandatory Meeting and Negotiations. Should the Party filing the Claim fail to file a Written Request for a Final Mandatory Meeting and Negotiations, the Party waives and forfeits all aspects of the Claim.

13.10.2.2 Partial Resolution. If the President of the CONSULTANT and the Director of Program Management Office reach only a partial resolution, and the Party submitting the Claim and/or counter claim wishes to continue pressing the unresolved portions of the Claim or counter claim, then within five (5) business days of the Initial Mandatory Meeting and Negotiations concluding, the Director of Program Management Office shall issue a written notice to the District's EVC, copy to the CONSULTANT's President, announcing the fact the a partial agreement has been reached, the details thereof, and a statement of all remaining unresolved items. All documents and information previously submitted shall be sent with the notice of partial resolution and statement of remaining unresolved items to the District's EVC at the above address. Within five (5) business days of the receipt of the Director of Program Management Office notice of partial resolution and remaining items, either the President of the CONSULTANT, or the Director of the Program Management Office, depending on which Party submitted the Claim, must then file a Written Request for a Final Mandatory Meeting and Negotiations with either the District's EVC at the address set forth above or the President of the CONSULTANT. If this occurs, the Parties shall proceed to a Final

Mandatory Meeting and Negotiations. Should the Party filing the Claim fail to file a Written Request for a Final Mandatory Meeting and Negotiations, the Party waives and forfeits all aspects of the Claim.

13.10.2.3 Full Resolution. If the President of the CONSULTANT and the Director of Program Management Office reach a complete resolution, then within five (5) business days of the Initial Mandatory Meeting and Negotiations concluding, the Director of Program Management Office shall issue a written notice to the District's EVC, copy to CONSULTANT's President, announcing the fact that a complete resolution was reached. Within fourteen (14) business days of the receipt of the Director of Program Management Office notice of a full resolution, the District's EVC will issue a final determination announcing acceptance or rejection of the full resolution of the Claim and/or counter claim. If the District's EVC issues a final determination announcing complete acceptance of the full resolution of the Claim and/or counter claim, the EVC shall place the matter on the Board of Trustees agenda at the earliest available Board meeting with a recommendation for acceptance or ratification depending whether the approval of the resolution is within or beyond the EVC's delegated authority. If the Board approves or ratifies the resolution reached, a change order, amendment, or compromise will be issued to the Agreement. If the EVC does not approve the resolution in its entirety, then the EVC will issue a Statement of Compromise setting forth the extent of approval and/or disagreement which the EVC is willing to support. If the President of the CONSULTANT accepts the EVC's Statement of Compromise within five (5) business days of receipt of same, the EVC shall place the matter on the Board of Trustees agenda at the earliest available Board meeting with a recommendation for acceptance or ratification depending whether the approval of the resolution is within or beyond the EVC's delegated authority. If the Board approves or ratifies the proposed resolution reached, a change order, amendment, or compromise will be issued to the Agreement. If the President of the CONSULTANT does not accept the EVC's Statement of Compromise, the President of the CONSULTANT shall, within five (5) business days of receipt of same, issue a notice to the EVC of its rejection of the Statement of Compromise. If this occurs, the Parties shall proceed to a Final Mandatory Meeting and Negotiations. Should the Party filing the Claim fail to file a written request for a Final Mandatory Meeting and Negotiations, the Party waives and forfeits all aspects of the Claim.

13.10.2.4 Final Mandatory Meeting and Negotiations. If after reaching no resolution, partial resolution, a complete resolution that is not accepted by the EVC, or after reaching a complete resolution that is rejected in whole or in part by the EVC, and if a Party has timely demanded a Final Mandatory Meeting and Negotiations, then the Parties shall proceed as follows.

13.10.2.5 Within seven (7) business days of any Party timely and properly requesting a Final Mandatory Meeting and Negotiations, the District shall issue a Notice of a Final Mandatory Meeting and Negotiations. The Final Mandatory Meeting and Negotiations will take place between the President of the CONSULTANT and the EVC. The Final Mandatory Meeting and Negotiations shall take place within fourteen (14) days of the issuance of the Notice of Final Mandatory Meeting and Negotiations and will not last more than one (1) six (6) hour session, unless the both the President of the CONSULTANT and the EVC agree in writing that more time is needed. Any information and/or documentation not submitted by the time the Initial Mandatory Meeting and Negotiations is held shall not be permitted to be used in any subsequent step of this mandatory and exclusive dispute resolution process, including at Arbitration, as both Parties acknowledge that one Party withholding such information and/or documentation will cause the other Party irreparable prejudice.

13.10.2.6 Within fourteen (14) business days of the conclusion of the Final Mandatory Meeting and Negotiations, the District's EVC will issue a final determination announcing a Statement of Final Compromise of the Claim and/or counter claim. If the District's EVC issues a final determination announcing complete acceptance and full resolution of the Claim and/or counter claim as agreed between the Parties, the EVC shall place the matter on the Board of Trustees agenda at the earliest available Board meeting with a recommendation for acceptance or ratification depending whether the approval of the resolution is within or beyond the EVC's delegated authority. If the EVC does not approve of a complete resolution of the Claim and/or counter claim, then the EVC's Statement of Final Compromise of the Claim will set forth the extent of approval that the EVC is willing to support. If the President of the CONSULTANT accepts the EVC's Statement of Final Compromise of the Claim within five (5) business days of receipt of same, the EVC shall place the matter on the Board of Trustees agenda at the earliest available Board meeting with a recommendation for acceptance or ratification depending

whether the approval of the resolution is within or beyond the EVC's delegated authority. If the Board approves or ratifies the proposed resolution reached, a change order, amendment, or compromise will be issued to the Agreement. If the President of the CONSULTANT does not accept the EVC's Statement of Final Compromise of the Claim, the President of the CONSULTANT shall, within five (5) business days of receipt of same, reject it. If this occurs, the Parties shall proceed to Mediation as set forth below. Should the Party filing the Claim fail to file a demand for Mediation, the Party waives and forfeits all aspects of the Claim.

13.10.2.7 Initial and Final Mandatory Meetings and Negotiations – Attendees. The District, the Program Management Office, and the CONSULTANT, can unilaterally determine who, in addition to the required Party's representatives, shall attend either or both of these proceedings. However, attorneys are not permitted to attend unless an attorney is also the President of the CONSULTANT, the Director of the Program Management Office, the EVC, or if both Parties agree in writing that attorneys may attend.

13.11 Waiver and Forfeiture of Claim and Counter Claim. Should the Party filing the Claim or a counterclaim in response to a Claim fail to file a Demand for Mediation as provided below, the Party waives and forfeits all aspects of the Claim and/or counter claim.

13.12 Mediation. If the above proceedings do not completely resolve a Claim or counter claim, and if the Party submitting a Claim or counter claim wishes to pursue a Claim or counter claim, then the Party submitting a Claim or counter claim must send a written Demand for Mediation to the other Party as required below, otherwise the Claim and/or counter claim is waived and forfeited. The Demand for Mediation must be made on the other Party within seven (7) business days of the Final Mandatory Meeting and Negotiations concluding.

13.12.1 Demand for Mediation. If a Party has timely and properly issued a Demand for Mediation, then the Parties shall proceed as follows.

13.12.1.1 Terms and Conditions of Mediation. Within five (5) business days of either the EVC rejecting a proposed resolution as announced by the Director of the Program Management Office, or the President of the CONSULTANT rejecting the EVC's Statement of Final Compromise of the Claim, either Party wishing to pursue a Claim or counter claim further shall issue a written Demand for Mediation to the other Party at the address set forth above. The Mediation must take place within forty-five (45) days of the issuance of the Demand for Mediation. Only those documents and information previously exchanged by the Parties at the time of the Initial Mandatory Meeting and Negotiations may be presented at Mediation, in addition to whatever legal arguments and legal authority are applicable thereto. The costs of the Mediation shall be shared equally by the Parties. A single Mediator will preside and must have substantial experience mediating, arbitrating and/or litigating, public works contracts for professional service providers. The Party demanding Mediation must set forth in its Demand for Mediation the names of six (6) such Mediators. The other Party shall within five (5) days of receipt of the written Demand for Mediation either select one (1), or provide the names of six (6) other such Mediators. If the other Party fails to select one of the six (6) Mediators, or fails to provide the names of six (6) other such Mediators within the five (5) days, then the Party demanding Mediation shall immediately identify the Mediator to be used from the six (6) Mediators originally identified. The Mediation shall not involve more than eight (8) hours, unless both Parties agree in writing otherwise.

13.12.1.2 Failure to Invoke Mediation. If the proponent of the Claim fails to invoke the Mediation required by this Article within the time required, then the Claim, or remaining portion thereof, is forever waived and forfeited.

13.12.1.3 Mediation – No Resolution, Partial Resolution, or Full Resolution. If Mediation fails to resolve the Claim, the proponent of the Claim is then required to take action under Article 13.13 or the remainder of the Claim is forever waived and forfeited. If Mediation resolves the Claim, in whole or in part, a change order, amendment, and/or compromise will be prepared. If within the EVC's delegated authority, the EVC will sign the documentation and have the documentation processed. If the resolution exceeds the delegated authority of the EVC, the matter will be placed on the Board of Trustees' earliest agenda for consideration and action. If the Board agrees to resolve the Claim as presented, the Board will approve same and the documentation will be processed. If, however, the Board agrees to resolve only part of the Claim

presented, a change order, amendment, and/or compromise will be prepared and the documentation processed. If only part of the Claim presented to the Board is approved, the proponent of the Claim is then required to take action under Article 13.13 or the remainder of the Claim is forever waived and forfeited. If the Board does not agree at all, the proponent of the Claim is then required to take action under Article 13.13 or the remainder of the Claim is forever waived and forfeited.

13.13 The Mandatory Dispute Resolution Process is a Condition Precedent to Arbitration. The Mandatory Dispute Resolution Process set forth in Articles 13.1 through 13.12.1.3 must be complied with before Arbitration can be started.

13.13.1 Within fourteen (14) business days of the Mediation concluding, and if the Mediation fails to resolve the Claim, and if a Party wishes not to forfeit a Claim, or part thereof, a Party must file a Demand for Arbitration. The process set forth in Article 13 above is a condition precedent to the filing of any Demand for Arbitration between District and the Consultant.

13.13.2 A Demand for Arbitration is made by a Party issuing a written request for same to either: the American Arbitration Association; JAMS Dispute Resolution; or ADR; with a copy to the other Party and the Director of the Program Management Office. All supporting documents, information and data in support of the Claim shall accompany the written Demand for Arbitration with copies of all supporting documents, data and information simultaneously sent to the EVC and to the Director of the Program Management Office and the President of the CONSULTANT. In addition to any witness testimony, only the information, data and documents submitted at the Initial Mandatory Meeting and Negotiations may be used at the Arbitration. There is no discovery permitted unless: both Parties agree in writing; or, a Party can demonstrate good cause to the Arbitrator for some specific limited discovery. A Party who fails to provide information and/or documentation required by this Agreement as an obligation hereof, cannot fail to do so and then submit such latter prepared documentation, or the equivalent at the Arbitration, even if such documentation was submitted at the Initial Mandatory Meeting as the original failure to do so as required by the Agreement is deemed to have irreparably prejudiced the other Party and deprive it of options, rights and remedies. The hearing locale for any Arbitration shall be in San Bernardino County, California, unless otherwise agreed to by the Parties in writing. If both Parties agree in writing, they may elect to use an independent Arbitrator or an Arbitrator from another alternative dispute resolution provider.

13.13.3 The Arbitration shall be held before a single Arbitrator who has arbitrated more than five (5) public works professional service agreement disputes and must be mutually agreed to by both Parties. If the Parties cannot agree on an Arbitrator, then the Arbitration company shall select an Arbitrator who has the qualifications listed herein. The Arbitration must be held and concluded within sixty (60) days of the written Demand for Arbitration, unless the Consultant and District agree otherwise in writing.

13.13.4 The Arbitrator has no power to fashion a remedy that is “related to the Contract.” Rather, each of the Arbitrator’s decisions and award(s), interim and/or final, shall be in writing, shall set forth statements of fact and conclusions of law explaining how and why each item of the decision/award was reached, shall be supported by substantial evidence, shall be supported by applicable law, and shall otherwise comply with the requirements of Code of Civil Procedure Section 1296.

13.13.5 The fees of the Arbitrator and the administrative costs of the Arbitration shall be shared equally between the Parties, and the Arbitrator has no power whatsoever to alter that sharing arrangement.

13.13.6 Provided the Arbitrator has issued an award in compliance with the requirements of this Article, the Final Award is binding and all appellate rights are waived. Any judicial review of such an award is limited to the circumstances described herein for the Arbitrator’s non-compliance with these requirements. A Court shall, subject to Code of Civil Procedure section 1286.4, and/or other applicable laws, vacate any award, in whole or in part, which the Court determines, after review, is not supported by substantial evidence, or the Award is based on an error of law.

13.13.7 The Arbitrator’s Final Award shall be reflected in an additive or deductive change order, amendment, and/or compromise.

13.14 CONSULTANT agrees to participate in any and all other dispute resolution processes, claims, mediations, negotiations, administrative and/or civil actions in which the District is a party regarding a Project which CONSULTANT is

involved in. To the extent the District is a participant therein because of the alleged conduct of the CONSULTANT, its Consultant(s) and/or Sub-Consultant(s), CONSULTANT shall participate therein at no further compensation from the District. To the extent the District is a participant therein, but not because of the alleged conduct of the CONSULTANT, then CONSULTANT will be entitled to receive compensation as an Additional Service at the agreed to hourly rates set forth in Exhibit A to this Agreement to the extent of the involvement therein.

The requirements stated in this Agreement establish the standard of care the parties agree that the CONSULTANT will perform to in providing services under this Agreement. Neither review nor approval of CONSULTANT's, its consultants', and/or sub-consultants work shall relieve CONSULTANT, its consultants, and/or its sub-consultants from first, their duty to adhere to the standards and requirements of this Agreement, or if silent herein, then, the applicable standards of professional care in the performance of their duties. CONSULTANT will be fully responsible to the DISTRICT for any damages to the DISTRICT and delays to a Project as specified in Article 10 of this Agreement. 14.2 Laws and Regulations

.1 Knowledge and Compliance. CONSULTANT shall keep itself fully informed of and in compliance with all applicable local, state and federal laws, rules and regulations in any manner affecting the performance of the Services, and shall give all notices required of CONSULTANT by law. Similarly, CONSULTANT's employees, CONSULTANT'S, experts, engineers and consultants shall keep themselves fully informed of all applicable laws and regulations affecting performance. CONSULTANT shall be liable, pursuant to Article 12 of this Agreement, for all violations of such laws and regulations in connection with its services. If CONSULTANT performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the DISTRICT, CONSULTANT shall be solely responsible for all costs arising there from. CONSULTANT shall defend, indemnify and hold the DISTRICT, its officials, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure to comply with such laws, rules or regulations.

.2 Consultant Deliverables. CONSULTANT shall cause all final deliverables provided to the District to conform to any applicable requirements of federal, state and local laws, rules and regulations, including without limitation, the California Education Code; Titles 19, 21 and 24 of the California Code of Regulations; and any requirements of the Division of State Architect, the State Department of Education, the California Department of General Services, local agencies such as Department of Health, Department of Public Works, Department of Transportation, Fire Department, and local utility companies, in effect as of the time the documents are prepared or revised. Any significant revisions made necessary by changes in such laws, rules and regulations after this time may be compensated as Additional Services. CONSULTANT shall cause the

necessary copies of the Documents to be filed with any governmental bodies with approval jurisdiction over the Services, in accordance with the Services described in this Agreement.

14.3 Schedule of Services

.1 Timely Performance Standard. CONSULTANT shall perform all services hereunder as expeditiously as is consistent with professional skill and care, as well as the orderly progress of the Work so as not to be the cause, in whole or in part, of delays in the completion of each Project or in the achievement of any Project milestones, as provided herein. CONSULTANT agrees to coordinate with the DISTRICT'S staff, Project Managers, contractors and consultants in the performance of the services, and shall be available to the DISTRICT'S staff, Project Managers, contractors and consultants at all reasonable times. Time is, and shall remain, of the essence.

.2 Performance Schedule. CONSULTANT shall adhere to the schedule established by the DISTRICT. If the DISTRICT and CONSULTANT cannot mutually agree on a performance schedule, the DISTRICT shall have the authority to immediately terminate this Agreement or Task Order. The schedule shall not be exceeded by CONSULTANT, without the DISTRICT'S prior written approval. If CONSULTANT'S Services are not completed due to circumstances within the control of the CONSULTANT within the time provided by the agreed upon performance schedule, or any milestones established therein, it is understood, acknowledged and agreed that the DISTRICT will suffer damage for which CONSULTANT will be responsible pursuant to the indemnification provision of this Agreement.

.3 Excusable Delays. Any delays in CONSULTANT'S work caused by the following shall be added to the time completion of any CONSULTANT'S obligations: (a) the actions of the DISTRICT or its employees; (b) the actions of those in direct contractual relationship with the DISTRICT; (c) the actions of any governmental agency having jurisdiction over a Project; (d) the actions of any parties not within the reasonable control of CONSULTANT; and (e) any act of God or other unforeseen occurrence not due to any fault or negligence on the part of CONSULTANT. Neither the DISTRICT nor CONSULTANT shall be liable for additional services, damages, liquidated or otherwise, to the other on account of such delays.
