Where does the Program align with the Campuses and District Strategic Plans?

Select		District Wide Strategic Support Services Plan: Recommendations
	DR.1	Complete and regularly update the three-year staffing plan and develop a process to increase the number of full-time faculty and increase the ratio of full-time to adjunct faculty in the District.
	DR.2	To stabilize staffing levels, the District Human Resources department must address upcoming retirements and hiring procedures that include strategies for interviewing candidates from across the country. Additionally, consider completing a market study to understand the levels of salary, compensation, and benefits that will attract highly qualified candidates.
	DR.3	Complete and regularly update the District Enrollment Management Plan. Support the Colleges' community outreach and marketing efforts in order to increase campus visibility, highlight instructional opportunities, and increase FTES
	DR.4	Support each College's effort for addressing basic skills needs.
	DR.5	Support the Colleges' effort to work with K-12 entities, the EDCT, adult schools, and the Inland Adult Education Consortium to become a leader in providing education to adults in the region.
	DR.6	Support Distance Education at each campus with the software, hardware, training, and support mechanisms as identified through local processes by the Colleges.
	DR.7	Continue to sustain funding for technology in order to support the needs of students, faculty, and staff.
	DR.8	Establish a full-time and robust facilities department within the District to secure state funding through the Capital Outlay Process, manage construction projects, oversee and integrate maintenance and operations, implement design standards, coordinate sustainability efforts, and implement a Total Cost of Ownership model for facilities.
	DR.9	Continue to sustain funding for site security and safety and proactively design outdoor and building spaces using best practices for creating secure environments.
	DR.10	Establish and maintain a cyclical process through which college planning informs the development and revision of District plans, including the Educational Master Plan, Facilities Master Plan, College Strategic Plan, and Technology Plan.

	EDCT.1	Each college should explore the EDCT as a resource to support grant development, contract education offerings, non-credit and not-for-credit courses and short-term vocational training opportunities.
	KVCR.1	Reevaluate the role and function of the radio and television station to operate as a fiscal asset that is an economically viable and self-sufficient entity. Develop a process for resource distribution between the District, EDCT, KVCR, and the Colleges.
