

VIRTUAL WORKSHOP VIA ZOOM

How can I do business with my local community college?

Millions of Dollars in Facility Improvements

Local colleges, including Crafton Hills College and San Bernardino Valley College, are ready to invest millions of dollars in facility improvements and construction projects. Meet your local education and small business representatives to learn how you can compete for bid opportunities.

Who should attend?

- Minority, women, veteran-owned enterprises
- Professional contractors

CONSTRUCTION BIDS AND RFQS

On November 6, 2018, voters residing within the San Bernardino Community College District passed Measure CC. Measure CC is a \$470 million bond measure that authorizes funding for needed repairs, upgrades, and new construction projects to college facilities located within the District. Proposition M was a similar bond measure approved by District voters in 2008. For more information about Measure CC, please click [here](#). A [Citizens Bond Oversight Committee](#) oversees the bond funds and ensure bond funds are spent only on voter-approved projects.

The Governing Board of the San Bernardino Community College District strongly encourages Local, Minority, Women and Veteran Owned Enterprises and apprenticeship participation in the construction workforce. See [Board Policy 6610](#).

The California State Public Health Officer and Director of the California Department of Public Health consider schools as essential to maintaining the continuity of state operations. With this directive we will continue as scheduled with bid walks and deadlines for submittals. We will adhere to the social distancing guidelines, and ask for your cooperation and flexibility as we work through this unique situation.
